## PROVINCIAL'S MUSINGS

**T**his year India celebrates its 75th year of Independence. What does freedom mean for us during the time of Covid when right to life, right to human dignity and free speech are at stake? At this juncture we need to probe into the nature of Indian democracy and the state of freedom that is now available in the nation. We celebrate two great feasts and two towering personalities during the month of August while we celebrate the Assumption of the Blessed Virgin Mary and the 75th Independence Day of our nation.

Mary is a great model of discipleship during crisis and especially during Covid times. We have lost nine of our Jesuit brothers in our Province in the span of a year, the recent being Fr Roshan Lobo. Every time a Jesuit of our Province dies, a sword pierces through our heart. Mary who gave birth to the Messiah also had a sword pierced through her heart. There were tragedies aplenty, but in each of them, she saw that God could open her to new possibilities. Every event, whether glorious or painful was always a call to go beyond, a call to a deeper life in the Father.

While we celebrate and recall the history of our independence and thank God for the galaxy of freedom fighters who fought for our country, we recall Mahatma Gandhi and his contribution to our freedom. Gandhi is a beacon of light to all the fearless and heroic soul force warriors of India who sacrifice their lives in the struggle of right over might. Gandhi was much more than an apostle of non-violence. His was a distinctive combination of truth and non-violence – a pro-active, passionate and path-breaking approach, rather than a passive absence of violence. His biggest contribution, was to channelize the spirit of self-sacrifice in a revolutionary drawn to violence and convert it into a soul force.

To live meaningfully in a free India is to experience what Tagore strove for: "Where the mind is without fear and the head is held high, into that heaven of freedom my Father, let my country awake."

## BELGIUM

After the successful completion of my Licentiate in "Religion and Theological Ethics" in Katholieke Universiteit Leuven (KUL), I have returned to India. Instead of coming to the Province, I travelled directly to Vidyajyoti College of Theology,

Delhi to begin my new apostolate of educating young theologians. I was warmly welcomed by VJ community members. Slowly I am getting used to the life in Delhi. My stay in Leuven, Belgium was very pleasant. Jesuit community in Belgium

was very cordial and caring. This experience gave me a little exposure to the European Jesuit way of life. The Katholieke Universiteit, from which I acquired my licentiate is very progressive in its outlook and studying in this university broadened my horizon. The pandemic was a hurdle to the classroom learning hence I had to do most of my courses online and I had to remain confined to my room for several months. Unfortunately, the restrictions imposed did not allow me to travel

anywhere abroad during the two years of my stay in Belgium. I was fortunate enough to explore some parts of Belgium and appreciate the rich Christian culture and heritage that was very much prevalent in the past. Amidst the pandemic and its restrictions, I completed my licentiate with distinction and now I am ready for the new mission assigned to me at VJ. – Fr Anthony D’Souza.

### XAVIER SADAN, Mysore

We had a month long renewal programme for silver jubilarians by Frs Dionysius Vaz, Freddie D’Silva, William Sequeira and Sr Rose Celine BS and a 25 day pastoral preparation programme for deacons by Frs Dionysius Vaz, Freddie D’Silva, Joseph Rodrigues, and Bishop Francis Serrao. Fr Freddie gave a 30-day retreat for DHM juniors in preparation for their final vows and an eight day retreat for Bethany Sisters as well as a six day retreat for SCC sisters. He also gave several on-line talks to different groups. Fr Lancy Fernandes gave a six day retreat for the seminarians of Shimoga Diocese. Meanwhile, our ever busy and multi-tasking Co-ordinator Fr Anil D’Mello found time to give a two day ongoing formation programme for the PDDM juniors in view of their final profession. Fr Solomon of Dumka who was

the companion of Fr Stan Swamy for the last 3 years just finished his 30-day retreat here. Thanks to BJES for their timely and generous help, we could reach out to the Covid sufferers by helping 15 deserving Catholic families of our area. We were happy to play host to several welcome guests and visitors, Jesuits and others. Many more are most welcome. God has been generous with us this year too by lavishing on us a bumper crop of mangoes so that we were able to distribute quite a few to various communities in Bangalore and Mysore. The feast of St Ignatius was celebrated simply and piously with a prayer service, an inspiring and challenging message by Bp Sebastian of Mandya, games and dinner. Some 50 invitees graced the occasion. – Frs Freddie D’Silva & Anil D’Mello

### VINAYALAYA, Bombay

Joel and I embarked safely to Vinayalaya, Mumbai, for our Juniorate studies. We are nineteen Juniors in all, from 8 different provinces. After a few days of quarantine, we had our inaugural mass. The theme of the mass was “I am the potter and you are the clay.”

The first week was an orientation week. Fr Learoy, the Dean, conducted a course for us on ‘Understanding Transitions.’ In his *Lectio Brevis* he stressed the need for us Juniors to grow in *Eloquentia Perfecta* (Articulate Wisdom). We then had a few sessions in group dynamics, conducted by Fr Aubrey, the Minister of the Juniors. After this we moved on to sharing on our vocation stories,

our dreams, fears and expectations as we look ahead to the Juniorate year. The week really prepared us for regular class which commenced on 5th July.

We have begun our course in homiletics, and so homily deliveries have started in full swing. The feast of St Ignatius of Loyola was celebrated on a grand scale. We look forward to our journey ahead. We ask for your prayers too. – Sch B Steven Joseph

## FR STANISLAUS MIRANDA, SJ (05 August 1930 – 19 July 2021)

At 7.30 in the morning, yesterday - 19 July, 2021 - Fr Stany winged his flight to heaven. Thus, his near ninety- one years of life here on earth came to an end. No, it did not come to an end. Fr Stany only moved on to life-unending, to be with his Creator and Lord. Because for God's faithful people life is changed, not ended. When the body of our earthly dwelling lies in death, we gain an everlasting dwelling place in heaven. (Roman Missal, Preface of Dead 1)

Born in Cascia, Mangalore, Fr Stany grew up living life to the full. Fr Denis Rasquinha who lives with us, and who is about 5 months older, was his good friend and companion. They went together to St Aloysius School and College. They played cricket on the Kankanady ground. When Fr Denis joined the Jesuits, Fr Stany, too, felt God's call and followed his friend about a year later, and

entered the Jesuit Novitiate in 1952.

Ordained priest in 1964, Fr Stany was sent for studies to Rome to prepare himself to teach in the Seminary. He returned with a doctorate in moral philosophy-theology, and he was assigned to St Joseph's Seminary wherein he taught for many years. He has served as Rector there and also as the Parish priest of the Jeppu Parish. Later, Fr Stany also served as professor in other theologates like, St Joseph's Seminary-Alahabad, Vidya Jyoti-Delhi, Jnana Jyoti Anekal, for some years. He was Superior and Director of Fatima Retreat House, here. And during his tenure, he brought about growth in retreat ministry

and over-all campus development. He has also served as pastor in Mundgod – a rural parish in Karwar diocese.

I wish to highlight a couple of typical traits of Fr Stany:

1. Deep down, he was a man of faith- a Jesuit and Priest in steady and deep contact with God. He nourished himself daily celebrating the Eucharist, pondered on the Word of God, and prayed the Divine Office. Thus he sustained his faith and close relationship with his God.
2. Fr Stany was a man of the heart – and very much with a heart for the poor. During his sojourn in St Joseph’s Seminary, Jeppu, where he was rector and parish priest, he helped many parishioners to build their houses – and helped them generously. He was fatherly to the seminarians and also reached out to many of them for their family needs. He did the same also when he was the parish priest in Mundgod.
3. Fr Stany was a priest - friendly, simple and approachable. He always had a welcoming face and a welcoming word for whoever approached him - Jesuits, priests, religious or lay persons. People felt at home with him. And we Jesuits enjoyed his sociable nature.
4. Fr Stany was a down-to-earth and compassionate man. Though well-educated and trained to teach ethics and moral theology, his feet were on the ground - quite in touch with ground realities - whether they be family struggles, moral issues, marriage conflicts, financial hardships - he had a heart like the heart of the Good Shepherd. Not only was he non-judgemental and respectful, but he would go out of his way to help couples and families.

For the last 12 years, Fr Stany was here with us in Fatima Retreat House Jesuit Community. In the earlier part of those years he served with retreats, Masses, confessions and personal guidance. Later, as his health deteriorated, he was confined to his room and needed continuous assistance. Whatever pains and ailments he had, he accepted and bore them in humble faith-surrender. His non-complaining, silent, endurance has always amazed me, edified me.

Dear Fr Stany, thank you for the person, the Jesuit and the Priest that you were all along. Thank you for the immense good you have done in innumerable ways, whether teaching and forming priests in the Seminaries, or quietly helping many a poor for housing, education, medical or other needs. Thank you for walking the talk, showing us how to be compassionate pastors. Thank you for contributing your mite in bringing about God’s kingdom in our world.

Using St Paul’s words, you are already being poured out as a libation, and the time for your departure has come. You have fought the good fight; you have finished the race; you have kept the faith. From now on, there is reserved for you the crown of righteousness, which the Lord, the righteous judge, will give to you. (2Tim 4:6-8)

Farewell Fr Stany, our dear brother. You are in a better place now, being freed from all that enslaves us. And as you know, our world today is a scary valley of sorrow and tears. So while you are resting and refreshing in the Bosom of God, do smile on us, intercede for us and send down God’s blessings that all of us need, blessings our world needs.

Bye for now, Fr Stany - Till we meet at Jesus’ feet.  
- Fr Thomas Quadras

### INI launched on Inigo’s Feast

In an online function on 31 July 2021, the feast of St. Ignatius, the Madurai Province launched a new venture – an e-magazine called INI. INI stands for ‘Inigo’ and ‘initiative.’ Fr.M.A. Joe Antony, SJ, editor, INI, said that INI would be a quarterly that would focus on ‘Apostolic Preferences’ of Jesuits. He said INI is meant for Jesuits everywhere and their associates – professors, teachers, alumni, students, all those who belong to the IGFA (Ignatian Family), who are drawn to the Ignatian spirituality, and all men and women of good will who collaborate with Jesuits in their work for faith and justice.

## DOWN MEMORY LANE

(In this section some of our Senior Jesuits will share their experiences of Jesuit life and mission)

### FR SUNITH PRABHU, SJ

Born in Jeppu, Mangalore, on 14 April, 1941, I was the fourth child in my family. From my childhood years, my mother nurtured my faith by taking me for daily mass to St. Joseph's Seminary which was quite close to my house. I loved to serve as an altar boy at those daily masses. Later on, I became the prefect of Altar Boys' Sodality and the secretary of the Sodality of Our Lady in the parish. The seminary became my second home as I came to know the Seminary Fathers and they came to know me. Soon after my SSLC exams, I made known to my parents my wish to join the Jesuits; and expressed my desire to Fr Denis Pinto who was then the director of Gonzaga House.

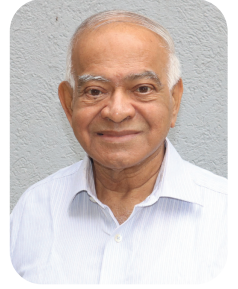

I was the youngest among 13 candidates from Karnataka who joined the Society of Jesus on 1 July, 1957. We were sent directly to Christ Hall, Calicut, where our novitiate was housed. I was still a novice when the province was bifurcated into Calicut and Karnataka. Together with the Karnataka contingent, I moved to Mount St Joseph, Bangalore, where I completed my novitiate and took my First Vows in 1959. After completing two years of juniorate I was sent to Sacred Heart College, Shembaganur, for my philosophy. I did my regency in St. Aloysius Boarding House, Mangalore.

Fr Rocca, who was the acting Provincial at that time, assigned me to Dharwad to do my studies in Kannada. I humbly expressed to him my reluctance to study Kannada, and also revealed to him my desire to work in the Northeast. His response was simple: "Take it as God's will". I soon realized that it was indeed God's will for me and that I was to be the first Jesuit in the province to study MA Kannada. It was while pursuing MA in Dharwad that I decided to change my baptismal name from Justin Pinto to Sunith Prabhu.

On completing my MA, I was sent to De Nobili College, Pune, for theology. I was still in my third year of theology when my father fell critically ill. Therefore, by special permission of the Superiors, I was granted the privilege of being ordained to the priesthood on Christmas day in 1970, a few months before my other companions were to be ordained.

My first appointment after ordination was to teach Kannada in St Joseph's Indian High School, Bangalore. That marked the beginning of my teaching ministry. A year later, I did my B Ed as an external

student of R.V. Teachers' College, Bangalore. Initially I served as the vice-principal of the school. I had to take a break from teaching to do my tertianship in Hazaribagh. On my return to the province, I was appointed Principal of SJHS, Bangalore. After five years of service as Principal, I went to the US on sabbatical leave and spent six months in general studies in Fordham University, New York.

Back in the province, I was assigned to be the Principal of St Joseph's High School, Hassan. In addition to my academic and administrative responsibility, I had the task of putting up the new school building. For a few years thereafter I went on transfer to SJHS. I went back to Hassan again as Principal of the School and Superior of the Jesuit community till my retirement from service in 1999. In all these years of priestly ministry, my desire to work in the North East was alive but dormant. Post retirement, therefore, I opted once again to work in the Northeast, but the Provincial had different plans for me.

I was assigned to Bangalore - this time to St Joseph's College - with the mission of overseeing the construction of the new building for St Joseph's College of Arts & Science on Langford Road. I was fortunate to have Fr Clarence D'Souza as my companion during those stressful years. The task entailed a lot of hardships and inconveniences. The pressure of work took its toll on my health. I suffered a stroke which left me partially paralyzed for a while. By the grace of God I was able to recover from the stroke and return to normal life and work. After my recovery I went to Hassan once again to construct the new Boarding House and Jesuit Residence. Mission accomplished, I was assigned to Jesuit Nivas community in Bangalore.

As I take this delightful trip down memory lane, I find myself overwhelmed with profound gratitude to God for all the blessings He has showered on me, chiefly the blessing of my little service to the Society by actively involving myself in the various apostolates of the province. I am happy that many of my students have come up in life as zealous priests, devoted professors and committed public servants. I feel gratified that by promoting vocations I have been able to contribute my mite for the growth of the Society of Jesus.
