

Number 731

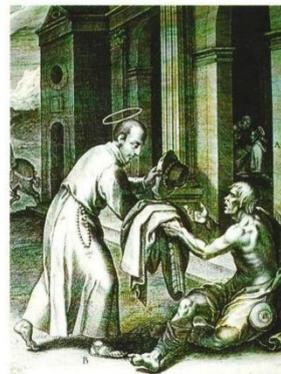

July 2020

### *From the Provincial's Desk*

*We dedicate this month of July to our founder, St. Ignatius of Loyola.*

*Here are some of his concise sayings.*

1. *"All for the greater glory of God!"*
2. *"The man who sets about making others better is wasting his time, unless he begins with himself."*
3. *"Charity and kindness unwedded to truth are not charity and kindness, but deceit and vanity."*
4. *"Never say or do anything until you have asked yourself whether it will be pleasing to God, good for yourself, and edifying to your neighbor."*
5. *"When you say anything in secret, speak as if you were speaking to the whole world."*
6. *"There is no better wood for feeding the fire of God's love than the wood of the Cross."*
7. *"When the devil wants to attack anyone, he first of all looks to see on what side his defenses are weakest or in worst order; then he moves up his artillery to make a breach at that spot."*
8. *"Speak little, listen much."*
9. *"He who carries God in his heart bears heaven with him wherever he goes."*
10. *"When taking the first steps on the road of virtue the old man must be mortified, but in such a way as not to slay the new man."*
11. *"If you promise anything for tomorrow, do it today rather than put it off."*
12. *"If you want to make progress in love, speak about love; for holy conversation, like a breeze, fans the flame of charity."*
13. *"Go and set the whole world on fire."*
14. *"Since the object of our love is infinite, we can always love more and more perfectly."*
15. *"As often as we manifest others' failings we show up our own."*

*"The eve of Annunciation... he went as secretly as he could up to a poor man, and taking off his clothes, gave them to him..."*

*A very happy Feast of our Father St Ignatius to all.*

Congratulations to Jude Deluxion, S.J., ordained a deacon on 27<sup>th</sup> June by His Eminence Michael Cardinal Czerny, S.J.

Deacon Jude Deluxion will return to Sri Lanka soon to take up his mission as Socius to the Novice Master

### **Annual Retreat**

The Province retreat of 2020 for Ours will be held in August commencing on 6<sup>th</sup> at 8:15 p.m., and ending on 14<sup>th</sup> at 12:30 p.m. Fr. Paul Satkunanayagam will preach the Retreat.

Fr Provincial prefers to have the name of the participants by July 15<sup>th</sup>, 2020. The Superiors are requested to contact their District/Community members and prepare the list.

### **New Appointments:**

Fr. General has appointed Frs. Baylon Perera, Gabriel Alfreds as New Consultors of the Province and Fr. Sujeewa Pathirana as the New Socius of the Provincial. Fr. Sujeewa in addition to being an *ex officio* Consultor will also function as the admonitor to the Provincial.

Fr. General also has conveyed his sincere appreciation and gratitude to Frs. Sanjeeva Fernando and Alexis Premkumar for their services as Province Consultors up until now and also to Fr. Anton Pieris for his services as Socius, Admonitor and Consultor.

## **BATTICALOA DISTRICT**

Rev. Fr. Lorio Anthony Lloyd SJ, arrived in Sri Lanka from USA in the year 1951 and served in many districts in the Sri Lanka Province including Galle, Mannar, Trincomalee and Batticaloa. He has rendered a marvelous contribution in developing the Eastern Technical Institute in Batticaloa which produced large number of skilled workmen in the district.

He has been residing at St. Michael Jesuit Residence in Batticaloa and praying for the society. In order to provide him with better attention and care, from June 2020 he has been moved to the Home for Elders in Batticaloa. He has adapted to the new environment and people around him and happily spending his time in prayers and rest.

### **St. Sebastian's Church, Puliyadikudah**

The month of June had a number of blessings. One among them was the Sunday Eucharistic celebration in the Church premises which had lots of relief to the faithful. We celebrated the Eucharist under restrictions. There were seven Masses in the parish and in each celebration only 100 people were allowed. So at St. Sebastian's Church we had two masses in the

morning and one in the evening and similarly at St. Lourdes' and at St. Joseph's Churches. The Jesuits and the diocesan priests helped the Parish Priest to celebrate the masses.

The parish priest, Fr. Richard, continued the pastoral visits in the parish and after finishing the small christian community he would celebrate the eucharist in one of the houses as he did last month. The parish also experienced a number of sad moments, sudden deaths, during this month and a few happy moments of wedding celebration.

### **Arrupe College Batticaloa**

The deadly disease Covid-19 that has affected the whole world has indirectly caused instability in Sri Lanka in several areas of activity, especially in education. Children have not been able to attend regular classes for almost 3 months and due to this many have lost the habit and motivation to study. Arrupe College staff has been constantly working and planning for the many challenges that this worldwide situation has brought. To make sure our students have the necessary means to study, we have been providing printed materials and distributed them to each student. At the same time, the planning for the new buildings of Arrupe College has started. On the 12<sup>th</sup> of June we received the visit of Fr. Provincial with the architect and quantity surveyor who brought a 3D Design of what Arrupe College will look like in the future. This design was presented to all the members of the Jesuit community in Batticaloa who gave a positive feedback on the project.

As we plan to re-open the college, we are making sure to keep the necessary measures to ensure the safety of the students and at the same time to keep the premises clean and ready. We have also started to promote the new admissions to grades 1 and 2 for 2021 and have pleasantly received a good response from parents. There is a plan to start the Pre-school too so admissions are open for it as well. All events are pointing towards a hopeful future of Arrupe College, Batticaloa as we move towards the second year.

### **Loyola Campus Batticaloa**

Sri Lanka has been blessed to be one of the few countries in the world which has not been severely affected by Covid-19. This deadly virus has left a few infections and deaths in comparison to other countries. However, most of the people in Sri Lanka live on labor that provides for their daily basic needs alone. The lockdowns have affected these people that deprived them from their work. They have begun to experience hunger and desperation. It has been more than a month now since the Sri Lankan government has completely lifted the curfew in our area but the people still have a sense of fear. Classes have not started but have been scheduled to start by grades next month.

Meanwhile the Director of Loyola Campus, Batticaloa has taken good advantage of this time for the betterment of the center. Fr. Paul Sathkunanayagam, SJ, conducted a one-day seminar for the staff in which he gave great insights into "How to face Covid-19". Our staffs were able to feel the up-lift of their spirit with such motivational talk. Five teachers that have been following the Learning Facilitators' Course have also been able to use their time profitably by discussing and perfecting their teaching skills. They have come up with plans to conduct online English classes for students who have access to mobile devices. As training for this task, our teachers have made video lessons and evaluated them identifying the weaknesses and strengths in them. At the same time, we are preparing a crash course for the present batch of students who will be able to come for classes and the final exams in July.

The Sri Lankan government has announced that after June 29<sup>th</sup> private classes would be allowed to start. The director has begun to take the necessary safety measures such as putting up sinks in the premises to wash the hands, the cleanliness of the environment, etc. With the hope of continuing our service for the young people, Loyola Campus, Batticaloa is preparing to re-open its doors with well prepared teacher-staff and effective classes.

## **St. Ignatius' Parish, Kallady-Dutch Bar, Batticaloa.**

On 12, June 2020, the Bishop of Batticaloa recommended to resume all religious services in the parishes with the required norms and regulations of the government. Our parishioners are very eager to participate in the Eucharistic celebrations. All the masses are said every day in the morning hours and on Fridays and Sundays extra Holy masses in the evenings to distribute the number of participants to conform to the government norms. On Sunday 21, June 2020, snack-parcels were distributed for almost 130 Sunday school children of the parish. The children were very grateful to the Loyola Campus and its Country Director for thinking of them in an exclusive manner during the Covid-19 relief service.

Fr James guided eight lay persons of the Parish in the Ignatian Spiritual Exercises according to 19th annotation. The retreat was given to them for 10 days stretched out for 4 months from April to July 2020. They were grateful for the guidance given to them that helped them to deepen their faith. They expressed their joy for having received this grace only because they were fortunate to be parishioners of St Ignatius' Church.

Fr James conducted one-day recollection for the Franciscan Brothers at St. Joseph's Community, Matale. Nine Brothers enthusiastically took part in it. He also conducted a course on 'Consecrated life' for the novices at the Holy Cross Convent, Matale.

A four-day orientation and training program on Group dynamics, Time Management, Study Methodologies and Homiletics was organized for the Jesuit Juniors at DAHAM SIHILA, Dalugama, Kelaniya. This helped them to get acquainted with different methods of study, proper use of time and to grow deeper in their vocation.

## **COLOMBO DISTRICT**

### **Daham Sihila Novitiate**

The month of June is the one that is most eventful in the annual calendar of our novitiate. The year begins in June and it ends with the profession of the first vows of those who complete their two year novitiate program. But this year due to Covid19 we had an unexpected postponement of events.

As customary, the second year novices had their retreat in the second week of June in preparation for the pronouncement of first vows. We had Fr. Stephen Perera, S.J., with us directing the retreat for them. Prior to the retreat for about three weeks, the second year novices studied the Part Six of the Jesuit Constitutions -*Religious Life and Discipline*, and the relevant Complementary Norms about the Vowed life in the Society of Jesus.

In the middle of the month, however, it was felt that under the present circumstances due to Covid19, we would not be able to have the usual vows ceremony on June 21<sup>st</sup> with the participation of the Jesuits and the families of the novices. So it was decided to postpone the vows ceremony to August 15<sup>th</sup>, (the Feast of the Assumption of Our Lady), and to have it in the new novitiate house in Kurunegala. For the same reasons, this time the new batch of novices did not join the novitiate on June 21<sup>st</sup>. They are scheduled to enter the novitiate on August 15<sup>th</sup> in the new house in Kurunegala.

Those who completed their two year novitiate program had a farewell dinner on June 21<sup>st</sup>, and the next day they moved to the Juniorate to begin their studies. The newly appointed

Juniorate Director, Fr. Aniston is likely to take charge of the Juniorate in the middle of July. In the mean time Fr. Tharanga is overseeing the affairs in the Juniorate.

At present the novitiate has only four novices who have now become second years. They have their regular classes and activities, and these days they are having lessons on some important events in the history of the Catholic Church.

## KANDY DISTRICT

### CENTRE FOR SOCIAL CONCERN (CSC) & LOYOLA CAMPUS HATTON

**Teacher Training for CSC staff:** On 1<sup>st</sup> June the staff of CSC came to the centre for the

third training. This time they themselves were the resource persons. The presentation started for 5<sup>th</sup> standard and ended for the preschool children. All fifteen presentations were meant to enhance the teaching methods in Tamil language. The presentations were on grammar, storytelling, song reciting, pronunciation, general knowledge and

vocabulary. The staff demonstrated the lesson plan in a creative and orderly way involving the participants as their students. Finally they decided to send their feedback through audio recording and written report and went home with satisfaction and joy.

**Maths training for and by CSC staff:** Corona pandemic lockdown has been optimistically

used by CSC and it conducted a series of training for the staff during the period. On 6<sup>th</sup> June the training in Maths started at 10.30 am and ended at 5.30 pm. There were four presentations for preschool before lunch and eight presentations for primary school in the afternoon. Mostly the staff dealt with identification of numbers, addition and subtraction and shapes. Though addition was dealt by most of the staff, we could see the development of ideas from preschool to 5<sup>th</sup> std. The staff used songs with dance, games, riddles, teaching aids to explain the concept of maths in an easy way. It was an eye-opening for most of the staff that Maths could be easy if it had been properly explained.

**Training on capacity building of**

**teachers:** On 10<sup>th</sup> June Sch. Shiran trained the staff on capacity building. He started the workshop with rhyme accompanied by dance movements. Then he asked the teachers to write on the board what they would think about a good teacher and also making them draw pictures using numbers. He facilitated sharing of their personal experience on

teaching and asked them to respond to the pictures of the students of various social backgrounds. In between he conducted a game to relax and concluded the workshop with meditation. Through this workshop, CSC staff learned that preparation, time management, understanding the students, creative methods of teaching, connection with oneself, with others and with God and teaching in groups are some of the essential characteristics of a good teacher. In the afternoon they had one hour English grammar session and gave a short farewell to Sch. Shiran.

**Farewell to Sch. Shiran SJ:** On 10<sup>th</sup> June, CSC staff organized a short farewell function.

Shiran was gratefully remembered for his genuine contribution for the welfare of the plantation community. Though his focus was at Loyola Campus, one cannot minimize his contribution to CSC. On 12<sup>th</sup> June, Loyola Campus staff prepared a sumptuous

lunch. Farewell started at 1 pm, with the thanksgiving Eucharistic celebration where the staff shared their green memories with Shiran on PPT. After the farewell meal, the students organized a cultural programme where fine qualities of Shiran were demonstrated through various art forms. At the end Shiran shared how he discovered himself as a genuine human person through his interaction with the students and the staff. He also expressed his gratitude for the support, guidance, friendship and love he received.

**Corona relief with the support of Fr. Milroy SJ:** On

15<sup>th</sup> June, CSC staff

packed 300 parcels. Each parcel contained 5 kg rice, 2 kg flour, 1 kg sugar, 0.5 kg potato, 0.5 kg onion and 0.5 kg dal. On 16<sup>th</sup> June the estate communities in Mount Jean, Diyagala, Lonak, Benach and St. Aubins received the relief materials.

On 18<sup>th</sup> June the people of Tientsin, Hallowella, Dickoya, Aluthgama, Danbar, Broadoak and Welioya received their share. The general attitude of the people regarding aid is, "If you want to give, give to all because all are affected". Since the people could not come with the list of the most deserved families, CSC focused the deserving families of our preschool and complementary education section along with a few women headed families and elderly people. The distribution was done in a prayerful atmosphere, respecting the dignity of the people and creating awareness on nutrition and attitude of sharing. A few of the community elders had the honour of distributing the materials.

**Welcome to Sch. Nimesh SJ and New life at the CSC Loyola Campus centre:** On 13<sup>th</sup> June, Nimesh SJ accompanied by Frs. Angelo SJ and Sanjeeva SJ reached Hatton. Partial

lockdown helps Nimesh to get into the rhythm of Hatton life gradually. Initially he helped in the whatsapp classes and now he is facilitating A2 and B1 students. As a minister of the house he is active and hospitable. On 26<sup>th</sup> June, Nimesh was given formal welcome during the Eucharistic celebration with melodious guitar music by him. In the first two weeks of June the staff coached the students in small groups and through whatsapp classes and on 22<sup>nd</sup> June we started the regular classes with certain restrictions and the number of students for the classes is on the increase. There is once again new life at CSC Loyola Campus centre.

## **SATYODAYA CENTRE**

As the government is planning to open the country for tourism, after almost three months, the staff members of Satyodaya have started coming to the center for cleaning the rooms, buildings, compound and washing the linen. They had almost three months to stay at home without work due to curfew and lock-down. At present 2-3 staff members are assigned to each day to come to the center and do the cleaning.

With no income being generated from the Satyodaya Educational Training Center, we are going through a financial crisis affecting the general administration of the center and its development and educational programs. In order to survive, Satyodaya has to cut down expenses, certain allowances from the salaries of the staff and even stopping the newly recruited staff members for the moment until the financial situation improves.

### **2<sup>nd</sup> Round of Covid 19 Relief Work**

In the second round of Covid 19 relief work, dry rations were distributed among 50 families in the Bahirawakanda Gramseva division. Through the chief monk of the Bahirawakanda temple we selected poorest people in the area belong to the three communities of Sinhala, Tamil and Muslims.

The distribution was done at the Bahirawakanda Temple in the presence of many prominent Buddhist monks in the area. The chief monk very much appreciated the great services done by Satyodaya for the last 47 years in this area, remembering and thanking the founder, the late Rev. Fr. Paul Caspersz, S.J. He explained to the recipients that Satyodaya serves everyone in the area irrespective of religion, ethnicity, cast and class, and this message was in fact aired to the whole village through loud speakers.

Some families were given financial assistance to purchase their regular medicine and to do the necessary medical check-ups. It was a good opportunity to build our relationship with the people around Satyodaya once again whom we have forgotten after the death of Fr. Paul on account of having all our projects confined to tea estates and rural villages.

## TRINCOMALEE DISTRICT

### Pre-Novitiate

We, the Pre-Novitiate community, are very grateful to God for having guided us all through this academic year. As a community, we could witness his love through various people and experiences. After having gone through a lot of experiences and indelible memories, we ended our Academic Year on 30th May and the Pre-Novices left for their home on 31st.

The whole community visited our Jesuit houses in Batticaloa. The purpose of the visit is to get to know our Jesuit communities and to meet one of our brothers Pradeepan's family as part of our formation. We were very happy to meet his family members and they welcomed us with joy and love. We had a great day with a lot of experiences.

The selected candidates of the novitiate arrived in Trincomalee on 1<sup>st</sup> July for their initial formation before entering into the novitiate on 15<sup>th</sup> August, 2020.

We thanked Sch. Zenith for his service to the community for the past two years. We welcome Sch. Arulseelan and wish him a fruitful mission in Trincomalee.

### Thanking

We thank Fr. Lazar who served our community in various ways for the past two years especially in forming our young men. As he is going to take up his new mission, we pray for his good health and his new mission.

### Loyola Campus

We, the members of staff and students, were able to identify 80 families who are very much affected by COVID19 lockdown in and around Trincomalee. We got their information with the help of our students and staff. Dry rations were procured from different vendors and packed them by our youth.

We fixed a day to invite the selected families to receive the rations. The beneficiaries were very much satisfied with the dry rations given to them. People were happy and grateful to Loyola Campus for having reached out to them at this time of their dire need.

All these works of Loyola Campus Trincomalee would not have been possible without the generous support of the LC Country Office Mannar. We gratefully remember all the efforts taken by Fr. Milroy, the Country Director and Mr. Jaan, the Finance Manager to reach out to the poor and the needy.

The management resumed the classes for O/L students with a short meeting on 30<sup>th</sup> June.

## Corona Tertianship Batch 2020 – Fr Christian writes from Nairobi, Kenya

Rev. Fr. Provincial Joseph Oduor Afulo of the Eastern Africa Province presided over the inaugural Eucharist of the Tertianship programme on 7<sup>th</sup> of January 2020. Our Tertian Masters were Vicar Apostolic Emeritus Rt. Rev. Dr. Rodrigo, Titular Bishop of Vulturia, and a Jesuit from Colombia and has been working more than

50 years in Africa. He himself a theologian, a linguist, a writer, an ex-provincial and was a bishop of one of the dioceses of Ethiopia. Our Assistant Tertian Master was Fr. Chacko who was also an ex-provincial and had conducted Tertianship Programme for the past 15 years in India, a Member of Various Commissions of the South Asian Assistency, a visiting lecturer of various institutions in India on Ignatius Spirituality and the Constitution of the Society. We were the 17<sup>th</sup> batch of Tertians of Fr.Chacko.

We, the twelve tertians from nine countries, attended the programme. While two of us are from outside of Africa the others are from the African continent itself.

We had an exposure to the city of Nairobi, the Kibera slums and St. Vincent de Paul kindergarten. During the long retreat, on our repose days, our time was spent climbing the Ngong mountains, visiting the elephant orphanage, the zoo and the resurrection garden.

We had planned to visit Malindi in Mombasa (600 kilo meters) by train to the place where Vas co de Gama and St. Francis Xavier had arrived but could not visit due to Corona Pandemic.

On Saturdays we used to go to the Pedro Arrupe Jesuit Community for dinner where elderly Jesuits live.

Given the Corona restrictions issued by the government and the Arch diocese of Nairobi, we celebrated the Easter services indoors. Mwangaza Spirituality Centre was closed for the retreatants and visitors due to Corona and the government had issued various restrictions limiting the movements of the people. We were the only inmates in the whole of Spirituality Centre and went out only to attend to important matters.

The tertians were invited to join the Pedro Arrupe Community for Easter services. After the Easter Sunday Mass the tertians were invited to have the festive lunch together with the Pedro Arrupe Community. On 23<sup>rd</sup> of April, one of our tertians who was from the United States left for America as the final charter flight left as the Corona patients began increasing in Kenya.

We called ourselves “Corona Tertianship Batch 2020”. The New Building is almost getting ready to accommodate the new tertians in 2021. It was a pleasure to be with nature specially to see so many birds big and small around the place. One is awakened to the wonderful music of birds in the morning reminding the presence of God everywhere. Large well-maintained garden compels the retreatants to pray and to follow the retreat with tranquility.

Fr. Terry Charlton, S.J., from the Pedro Arrupe Community conducted a three-day introductory course on Teilhard de Chardin and his Philosophy. Fr. Bill O’Neil a visiting American Jesuit conducted a five-day programme on the Social Teachings of the Catholic Church.

I express my gratitude to two of our Reverend Deacons Rajitha and Atputha at Hekima Theological University, Nairobi for accompanying me for outings.

## **FROM JRS-KAKUMA – Fr. Lasantha de Abrew writes**

### **GREAT TO BE IN KAKUMA**

It is one month since I assumed office as the Project Coordinator of JRS Kakuma. God has **bles**sed me abundantly and I have experienced great **support** from my staff and through prayerful **solidarity** of my friends all over.

When I took over, the JRS–UNHCR working relationship wasn’t cooperative and a bit awkward. I immediately contacted the different heads of departments of the UNHCR who directly link with our JRS activities in the camp. I visited them personally, conversed through virtual media and took every opportunity to listen to their part of the story. My main objective here was to make clear that I am a servant in JRS to support the refugees in Kakuma and that I

am aware that they too are passionate to support the same refugees we serve. I also wanted to know and understand how best we, JRS could offer a qualitative service”.

I also sharpened my own skills and tried not to delay responding to their requests/communications.

They were very passionate and assured their fullest cooperation. Immediately after, UNHCR Protection Department organized a Real Time Project Review with our Incentive staff with their personal supervision for 6 days. We are awaiting this report to make our services more effective and realistic. The gifts they sent us were amazing; mattresses, sanitizers, diapers, orders to produce masks in our tailoring department and the promise of latrines, etc, were unimaginable. **These were the fruits of cooperation through strengthened bridges.**

To strengthen the relationship of JRS with other agencies for better service and my own body-mind relaxation, I join every **Saturday Hike to the mountains.**

Recently a young group from the camp visited me in my office accidentally. They identified themselves as “Vijana Twaweza” comprising young men and women from various countries

and tribes. They are involved in a fish farming and an agriculture project with a double purpose; a nutrition program for the most vulnerable in the community and as a business enterprise. They are launching the project in their own plots of land in the camp. They are now in need of space to expand their project. After a few days I visited their project site and met the executive council. They were very much enthused.

We at JRS have a Post Education Department with a branch on Business Entrepreneurship. My thoughts brought a link as to why can't we link this young group with the JRS Community Business Development (CBD) Project. We began our discussion immediately and have just concluded a seminar-workshop conducted by our Department on making a Constitution, MOU, Development plans etc. for the project. We look forward to making this group a hub for mentoring youth for empowerment and a fertile ground for Reconciliation and Peaceful Co-existence in the camp. A comment from this youth group after our discussions really touched me, "There are many agencies ready to help us. **But JRS sat with us and listened to us. We feel that you care for us**". We are slow, but steadily progressing to establish a strong base for a joint collaboration. There are so many JRS well wishers eagerly waiting to see these developments.

**20<sup>th</sup> June is "World Refugee Day"**. Usually it is a great common celebration in the camp, assembling the refugees as a large gathering with speeches, dances, songs and narratives. This year the Covid 19 has disturbed the usual. We at JRS decided to arrange a program to meet our beneficiary incentive staff from all departments of services in our respective centres. The National staff assigned to the centres was to

meet the beneficiaries for a 2-3 hour program. We listened to their stories about leaving their lands, the difficult journeys they made and the pain they expressed with tears and utter resilience. They recalled all who supported them till this day. They sang their traditional love songs and even danced. I too joined all the groups and danced to the song "Suranganie". We had refreshments.

In all the centres, this was the unison echo: "This year's celebrations were unique and memorable. Usually we are taken to a ground. This year **you came to us. You listened to our stories** which most of us had never narrated. You enjoyed with us. Yes, it is painful to be refugees but we have gained a great deal as refugees. We are grateful to Kenya, UNHCR, JRS and we have met many countries within this camp"

Just before the final prayer, I explained why we came to them to celebrate. **We believe in a God who comes to see His people; a God who enjoys and weep with His own.**
