## From Provincial's Desk

### The Nation Stands with Fr. Stan Swamy and other Human Right Defenders

Article 46 of the Constitution of India states that "The State shall promote with special care the educational and economic interests of the weaker sections of the people and in particular, the Scheduled Castes and the Scheduled Tribes, and shall protect them from social injustice and all forms of exploitation."

But this basic Constitutional right seems to be written off. Today, the Constitutional rights and provisions for the protection of the interests of the Schedule Tribes, Scheduled Castes and other deprived sections of India have been ignored or very conveniently forgotten. Those who have been voicing for the rights of these deprived communities have been silenced or put behind bar.

Fr. Stan Swamy, S.J., who was unjustly arrested on 8th October, is one of those who are forced to be behind bar because they stood for the rights of the Adivasis and Dalits. He is allegedly found criminal and is labelled as a supporter of the naxalites because he empowered the Adivasis and protected their rights. He took a strong stand with them on issues related to the violation of laws in acquiring land for mega projects for mining and infrastructural development which flout the rights of the Adivasis. He has consistently raised voice in democratic and legitimate ways against the unrestricted exploitation of land and natural resources. He opposed the indiscriminate arrests of thousands of young Adivasis under the label of 'naxals' just because they resisted the unjust land alienation and displacement. He has questioned the non-implementation of Panchayats (Extension to Schedule Areas) Act (PESA), Samatha Judgement 1997 of the Supreme Court and Forest Rights Act 2006. He has expressed apprehension at the amendment to the 'Land Acquisition Act 2013' and the setting up of the 'Land Bank' by the Jharkand Government which will empower the State Government and the land mafias to acquire Tribal ancestral, community and agricultural land.

Just before being arrested Fr. Stan Swamy wrote, "Over the last two decades, I have identified myself with the Adivasi people and their struggle for a life of dignity and self-respect...In this process, I have clearly expressed my dissent over several policies and laws enacted by the government in the light of the Indian Constitution. I have questioned the validity, legality and justness of several steps taken by the government and the ruling class. If this makes me a 'deshdrohi', then so be it."

What Fr. Stan Swamy has said and done is perfectly constitutional because "the right to dissent is one of the most important rights guaranteed by the Constitution of India. As long as a person does not break the law or encourage strife, he has a right to differ from every other citizen and those in power and propagate what he believes is his belief."

Hence, we condemn the arrest of Fr. Stan Swamy, stand with him and pray for him and for all the human rights defenders and all those who are wrongly imprisoned and harassed for standing up for the truth and justice.

Fr. Ranjit Tigga, S.J.

## Priestly Ordination

The long awaited dream of ordination of Deacon Suresh Tirkey and Deacon Anmol Lakra was ultimately accomplished in Loyola, Kunkuri. The parishioners of Kuturwan and Bhelwa were longing to see the ordination of Deacons Suresh Tirkey and Anmol Lakra in their respective parishes. The ordinandis had set the dates in the month of May and the authorities had agreed but the pandemic intervention differed the time and space. But Covid-19 could neither stop nor cancel the blessing of ordinations. God ordained His chosen

ones on 10 October by His Lordship Rev. Emmanuel Kerketta, D.D. in the presence of Fr. Ranjit Tigga, Provincial, Religious, Priests and the congregation of about 100 family members, friends and well-wishers. The celebration of ordination was solemn with simplicity. Altar boys, Deacons, Priests, Religious and Bishop escorted the ordinandis with their parents in two lines without an entrance dance. The choir, composed with Scholastics ushered them in the chapel of Loyola hostel with their beautiful melody. All other dances also were suspended.

The Holy Eucharist started as usual and continued until the handing over of the ordinandis by their parents. But this time "Kala Kala Beta" (go mai son) was dropped. The ordinandis were not handed over by their parents but they themselves walked up to the altar and surrendered themselves to His Lordship to be anointed and ordained. The ceremony of ordination was as usual. But the Bishop observed the protocol of Covid-19. Neither did he kiss the palm of the ordinandis nor embraced them after anointing and ordaining them. So did the priests who

neither lay their hands on the head of the ordinandis while praying for the blessing of the Holy Spirit nor kissed the hands nor embraced them after the ceremony of ordination. They prayed from their respective places. The participants had occupied their chairs in a distance

as per the norms of Covid-19. There was a perfect discipline during the entire ceremony.

The family members and well-wishers were very happy. They wished the ordinandis and took photos with them after the departure of priests and the Bishop. All were happy interiorly. There was no external expression by dancing. All were provided with delicious meal by the Loyola House in its open quadrangle.

-Fr. Herman Joe Minj, S.J.

## Nirmala Ashram, Jhingo

St. Ignatius Church, Nirmala Ashram Jhingo Parish celebrated the tribal traditional feast *Tusgo* on 11.10.2020 – Sunday. Due to COVID-19 it was simplified and limited only to the celebration of Holy Eucharist which was solemnized by Fr. Santosh and Fr. Isaac. Primary school staff members have committed

themselves in the Mohalla-Classes in five different villages during the lockdown period. With the help and support of the parents we are able to guide the students. The parents have facilitated the arrangement, which is very encouraging. The students' interest to learn too is very promising. Many students eagerly grabbed the opportunity. The community had one day recollection-cum reflection, sharing and preparing the SWOT analysis of the community and its apostolate under the guidance of Fr. Poly, the Superior.

Fr. Vinod Tirkey, S.J.

## St. Xavier's Rajpur

The on line class for the students is quite encouraging; moreover some students are still getting left behind due to various reasons. On 5th of October Fr. Polycarp Xalxo SJ, superior of Jhingo-Rajpur community went to Ash Deep Pathalgaon for the orientation programme for Rectors, and Superiors on community level Action plan (UAP-PAP) which held on 6/10/2020 at Asha Deep Pathalgaon. It was one day programme, so he came back to community very next day. Immediately after coming back from the meeting, he already started planning out for the community recollection to prepare the action plans. We had a full day recollection and decrement the action plans were

made for the community level on 19th of October. Prior to this on 02/10/2020, Fr. Sebastian Tigga SJ had gone to Balrampur to attend the Private school's Principles and teachers meeting which was convened with the purpose of constituting Private school teachers' association in the wake of government's announcement that students from private school could take admission in the government school without the transfer certificate and mark sheet. The effect of it was that many students left the school and took admission in the government schools without clearing the dues, which created heavy financial burden to the schools.

For the future course of action, again, on 12th of October the principals and teachers of Private school had a meeting at St. Xavier's school Rajpur. The purpose of the meeting was to formulate Bylaws for the private

schools teachers association of Balrampur district. Good number of teachers and principals of private schools working in Balrampur District were present in the meeting.

On 24th of this month there was another important meeting held at St. Xavier's School Rajpur of principals, head masters and managers of the Christian minority school working in Balrampur. The agenda of the meeting was, government promulgating 'the private School fee regulation law'. It is felt that the government's move is the clear violation of Article 30 of the constitution which protects the minority schools. According to this Article, minorities institution have a right to establish and administer their schools. It was unanimously agreed upon that we have to write a memorandum to government officials to exempt the minority schools from this Act. For the same purpose, a committee was made which will submit the memorandum to government.

Fr. Isaac Kujur, S.J.

### Khrist Milan Ashram & Parish, Namna

We keep on journeying as pilgrims in the Catholic Church and so far we have reached the month of October in this Pandemic affected year 2020. Though the world breathes heavily with CORONA, we the Namnawaasi survive safely in the same ambience.

After Fr. Anthony Parapullil, Fr. Leo too felt some difficulty in hearing capacity. Once checked, it was found that the battery was low then, we had to get it replaced.

He hears better now. A little worry is created to Fr. Theodore Minj due to misplacement of the mobile while the marriage of his niece approaches close and the news is not able to reach from home. He has happily decided not to go for the marriage reception due to problem in walking. So, he was curious to receive message about the marriage but the mobile disappointed him. However, the mobile was found later with SIM card missing from it. The community members decided to provide him a new mobile phone with a new number – 7773826303. This makes him joyous and is able to get good news from home.

Change is the spice of life as our superior says. In order to bring some more taste to spiritual life, Fr. Aemilianus Ekka introduced the hymn, Salve Regina to our evening prayer. All the Latin Fathers as spoken in the community, including His Grace – Pascal Topno, SJ, sang aloud and the other non-Latin Fathers found themselves perplexed and amazed listening to the hymn. Fr. Anthony Parapullil is found it little hard to welcome this beautiful hymn saying, "It is like an Oraon hymn in Tamilnadu". To make him comfortable with the hymn, Fr. Aemilianus translated the hymn into Hindi and English. We thank him for this work. Finally, all sing this hymn devoutly now. So, the "Change" is turned into a "Variety" is the spice of life.

In the Namna parish, 16th of this month was the Nayakhani celebration which in the church was celebrated with a limited number. The casting of the other side of the balcony of the church building is completed. The Deacon is assigned to assist Sch. Anjay in the Holy Cross Hospital, Ambikapur. The rest seems well.

Dn. Preetam Prakash, SJ

### St. Xavier's, Ambikapur

In the month of October St. Xavier's Residence Ambikapur was fully engrossed in UAP-PAP programme and formulating its Community Apostolic Preferences (CAP). The community had a full day recollection on 17 Oct. beginning with mass and ending the day with Supper. The day was spent on presentation of Internal and External Context, presentation of Province Vision Mission and Province Preference, prayerful reading of PAP identifying the ones applicable to the community, SWOT analysis, sharing of Consolation and Desolations and reflection on PAP that community might implement. Thus, community was properly oriented to enter into the CAP. After having read the PAP document and serious reflection from 21<sup>st</sup> to 24<sup>th</sup> Oct community sat together from 6.00 pm to 8.00 pm everyday and finalized the CAP draft.

The heart-breaking news about the arrest of the social activist, Fr. Stan Swami aged 83 year old on Thursday, Oct. 8, 2020 by NIA was a serious blow on all the Human Rights and Social Activists of the country. Following the arrest, on 12 Oct. at 4.00 p.m., a common adoration was

organized at Bishop's house Ambikapur and a group of people went to *Ghadi Chawk* for a small demonstration and a memorandum was handed over to the Upper Collector by the members of CRI, AICUF and some lay association to be forwarded to the President, Prime Minister, the Home Minister of India and to the Governor of Chhattisgarh. On 13 Oct for the same cause, there was another protest by Indian People Theater Association (IPTA), JALESH, Kishan Sabha, Tritya Varg Karmchari, Bhagat Sinh Akadami, St. Xavier's Accademy, Holy Cross and ASHA association. There was a mega *Sadbhavna Sabha Pradershan* with the initiative of St.

Xavier's Community Ambikapur on 16 October on Ghadi Chawk and Ghadhi Chawk Ambikapur. After speeches and meaningful slogans for the release of Stan Swamy and other Social and Human Right activists, a peaceful silent procession proceeded towards the Mother Teresa memorial near Akash Vani Chawk. There also a speech was delivered by Mr. Jitendra Singh Sodhi and a simple prayer service was conducted by Ursuline sisters and thus the rally was concluded. Around 150 religious priests and nuns, lay people and others participated in *Sadbhavna Sabha Pradershan* observing the Covid-19 protocol.

On 1 Nov. in the old Loyola Hostel campus, the office of *CG Catholic Uraon Samaj Surguja* unit was blessed and inaugurated in a simple ceremony by Rt. Rev. Bishop Patras Minj, S.J. This office is established to conduct some motivational and professional programmes for catholic youth in view of strengthening the unity among catholic tribals.

## St. Xavier's Baramkela

St. Xavier's School Baramkela is facing a lot of problems due to not having the recognition paper. One of the prime issues is the attachment of 10th class students. We were confused, worried and completely nil from our side how to get the attachment paper. We had many trials and tribulations while working on it. Fr. Prabhu was completely exhausted and had many sleepless nights. He frequented to Raipur for the same. The situation was such that even if he went to rest, the pressing thought was has not got the attachment paper. All the community members felt the same. It was dark moments for all of us here. The way we handled the situation was something unique and unforgettable. Furthermore, parents also pressurized us saying that how can you run school without having essential documents. All the more, they complained to nodal authority. He warned us saying how you can play with the life of children. You misguided children telling them you will get the CBSE. This is the situation of Baramkela. We rather feel that we are cornered and not bothered by other companions.

Ordination- Congratulations dear Fr. Anmol Lakra S. J.! He was ordained in Kunkuri on October 10. A few days ago we were intensely busied ourselves to felicitate him. He landed in Baramkela on October 16. He was welcomed according to our tribal culture in a short manner. Each and individual was in seventh heaven to have him amidst us. He presided over thanksgiving mass in Baramkela on October 18. His main theme was "Mai sachhi dakhata hu aor tum sab daliya ho" He associated his life with the theme. He encountered God very closely and acknowledged for his blessings and graces. It was a grace filled moment in thanking God along with him.

Having finished holy Eucharist, there was a brief felicitation programs. And then people travelled to have lunch. To make this day a memorable one many people rendered their service specially the staff and sisters. We had also community meeting on UAP and PAP from 21 to 24 October. We had a fruitful discussion on various points. We too felt united and part of finalizing a draft. Everyone was present for this meeting. We had also a deanery meeting that was held at Mauhpali on October 25. We discussed mainly two things those were the chain adoration and the new education policy. We ended the meeting with lunch.

Sch. Roshan Baxla, S.J.

## Campion School, Bhopal

### Vidya Sadan, Bhopal

As the winter is sneaking in, varieties of beautiful natural flora are adding the beauty of the campus. As the visitors are less due to the pandemic, the natural beauty and the greenery is very well maintained. This has nearly created an ambiance of a heavenly garden.

Rohit Tirkey, a new candidate from Birsinghpur, Pali (M.P.), after a week of quarantine period has joined the community regular curriculum. Fr. Kalyan Panna has come back from Mangalore and has joined the pre-

novitiate staff. We are getting sufficient supply of vegetables from the Pre Novitiate garden and farm. Brothers have regularized the intake of Kadha to keep themselves fit to fight against the Corona virus. With the season's call we have started playing basketball. Quite often the Pre Novices get tips and techniques to improve their games by the Fathers of the community. In spite of being restricted to the campus, the Brothers have received ample opportunities and constructive environment to boost their holistic growth. Thus they are slowly acquiring their academics and in other aspects of their life.

### **St. Francis Xavier Church Boirdadar**

#### **Mission Sunday**

On 18th Oct. the feast of St. Luke the Evangelist is observed as the Mission Sunday. It marked historical for the faithful of Boirdadar in settling the long awaited problem (since 1998) on the issue of graveyard

that had given birth to other problems of ousting some families from taking sacraments, restricting social life and cancelling family cards which give identity in the Parish. Under the leadership of His Lordship Paul Toppo, DD. Raigarh, a series of deliberations and meetings of Priests and the faithful were held. His Lordship Paul Toppo DD invited Fr. Ranjit Tigga, S.J. to come at least once to initiate solving the problems. Finally in the presence of Fr. Ranjit Tigga, S.J. Provincial and Fr. Alfred Toppo, S.J. (as observer) the hectic but amicable deliberation on 15th October capped the problems. Now the process has started to implement the decisions. The Priests, Sisters and faithful are grateful to His Lordship, Fr. Provincial, the observers and representatives for settling the problems for ever.

#### **Celebrations in the walks of life-**

Fr. Stephen Xaxa, S.J. joined the happy occasion of his elder brother in Ranchi during Covid-19. As he came back celebrated his Birthday in the School and Community. It was the coincidence of 10+10=2020.

Similarly the combined celebration of the feasts of Karam and Tusgo (eating of the first fruit) on 04th October added to the taste of Holy Mass in Kurux (Oraon) dialect. This could be one of the requirements to get the dialect in the list of 8th Schedule of the Constitution.

The Community participated in the ceremony of the Ordination of Fr. Sameer Kerketta, S.J. (Pune Province). Fr. Zacharias Lakra, S.J. was credited as the Apostolic School Director of the batch of Fr. Sameer in Kunkuri.

But the visit of Fr. Anmol Lakra, S.J. in his family at Bhelwa on 13th October and the reception Eucharist of Fr. Anmol Lakra, S.J. at St. Xavier's Baramkela on 18th October climaxed the celebration of life in a Priest's mission and life. The Community also had a mission tour of St. John's School, Kharsia.

#### **The moments of graces of life-**

Fr. Zacharias Lakra, S.J. attended the UAP-PAP orientation at Asha Deep, Pathalgaon on 6th October and in turn now he is leading the Community to contextualize the action plans.

He and Br. Fulgence Ekka, S.J. visited Fr. Suresh Tirkey, S.J. (who had come to see Dn. Dilip Minj, S.J.) in the family of Dn Dilip Minj, S.J. and joined in his strife that had come recently in his family. Dn. Dilip Minj, S.J. represented the Community in the ceremonies of Ordination and thereafter Eucharist in the families. He came back and joined the Community in settling the existing problems. He accompanied Fr. Zacharias Lakra, S.J. in getting the signatures of the representatives of that crucial meeting.

#### **Half yearly online exam and other-**

The half yearly online exam at St. Xavier conducted from 5th October along with other requirements met even during the pandemic. The third casting of the School building was completed successfully on 22nd October

just before the Dussehara holiday from 23-26th October. Fr. Martin M. Tirkey, S.J. was the resource person for the meeting of the School Principals of the Diocese Raigarh.

**Fr. Zacharias Lakra, S.J.**

The present State Government has promised to give in its election manifesto. So without delay it has to be obtained through Gram Sabha.

Specific and distinct language, so Kurukh language has to be promoted.

3) Specific and distinct culture, so customs, traditions, singing-dancing, arts and artefacts, traditional knowledge need to be preserved and promoted.

No caste discrimination: there is no caste discrimination found in the Uraon community.

## JESUIT MISSION IN MP Article 33

### Recourse to the Diwan

The Diwan informed by the Father of these facts, promised on 30 June an inquiry, but on 1st July requested him to advise them to make a lawsuit. "On Friday, 30 June, I (Fr. Van den Driessche) went to complain to the Diwan in Jashpurnagar. The Diwan received me very kindly on the same day, and I told him what had happened. I answered that the reason was plain from the different testimonies I had gathered, namely, it was because they were Christians and to force them to give up their religion.

The Diwan answered that it was not for that reason, but that according to a report he had received on Thursday, it was because the Christians had made a disturbance on the pagan feast, and one of them was said to have pulled the beard of the bhandari! "Imagine my surprise and my indignation! It was not enough to have treated my Christians like dogs, they had still to be calumniated! I told the Diwan that this accusation was a lie, and a pure invention, and a very clumsy one too."

"If the Christians have made a disturbance on the feast which was Wednesday 28th, then (1) How is it that they were beaten from Saturday night, 24th? This date was given not only by the Christians, but by an Independent witness Liro chaukidar, a pagan, as I have related above (2) How is it that I did not notice the slightest sign of a disturbance, although I was in Pakertoli near Kastura since Tuesday 4.30 p.m. and could see and did see the procession from a distance on Wednesday afternoon? (3) How is it that after the procession, the children from other villages, who came to me and whom I asked what they had seen, did not mention that there had been trouble? (4) How is it that not a word was said about any disturbance having taken place, not only by the Christians but not even by Liro chaukidar, or by Matlu and Lumbha, sons of the thikedar of Khutitoli, or by Ram Lakhan, barahil?"

"As I have related above, I saw this Ram Lakhan, barahil, on Thursday morning, in Saraitoli, where he came, I suppose, to see what I was doing; he denied the accusation brought against him, but did not so much as insinuate that Christians had made a disturbance on Wednesday. Why did he not speak

of it? Is it not because the story of the disturbance and the beard-pulling had not yet been invented? And was it not invented just afterwards, and sent at once to the authorities in Jashpurnagar, because the rascals saw that I was getting at the true fact, notwithstanding the threats they had made against my Christians, in case these should have dared to speak to me? (5) How is it finally that I heard about that disturbance only in Jashpurnagar, on Friday afternoon, when I was since Tuesday afternoon on the spot where it was said to have taken place, and had not heard about it then? I wonder how these questions or any of them could be answered, unless it be admitted that it is clear as daylight that this story of a disturbance and beard-pulling is a pure fabrication and a vile calumny?"

"The Diwan finally admitted that it seemed he had been "wrongly informed" and I told him that I was sure that the information he had received was absolutely false. He tried to fall back on something else, namely, that the Christians should not have gone to see this procession (a public one, please) without any permission of the Raja, because the pagans might have resented their presence!!! However strange this theory may be, I did not want to discuss it just then, and stuck to the facts, namely, that the pagans had not resented the presence of the Christian spectators, and that the whole story of the disturbance was a calumny. Finally the Diwan promised me that a full enquiry would be made."

"I left him a succinct statement of the facts as I have related them in this letter. I intend to send him a refutation of the calumny. I shall keep a copy of it." As the Father attaches so much importance to the facts for future vindication, I (Fr. Vermeire) have been careful to give them in extenso just as related by him.

"I am waiting now for the enquiry promised by the Diwan. I expect very little from that side, but at least, if we do not obtain justice for our people from the Jashpurian authorities, we shall have one more well ascertained fact to show the hypocrisy and injustice of those authorities." He adds that he feels pretty confident that Saraitoli, Khutitoli and Pakertoli will remain faithful. I have little hope for Sarbahla, a village which has always been kachcha (raw): nobody has ever been in school from there, nor have any babies been baptized."

At the end he announces the following letter of the Diwan, just received Jashpur 1st July 1911 : "From the note you handed me yesterday, some criminal allegations appear. The note is not in the form of a petition. I therefore request you to advise the rayats aggrieved to lodge a formal complaint in the criminal court of the Estate." "During our conversation it appeared that the rayats in question were afraid. But I do not know they were afraid of what, and why they should be so, in face when so many rayats get decisions to their satisfaction. There being no order to maltreat the Christians, I do not find reason why they should not get justice after enquiry. If you want an informal enquiry, I may do it."

"I answered that I would try to persuade the Christians to lodge a formal complaint, although I feared it would be difficult to persuade them on account of the fear they have." He tells Fr. Waelkens that if he does not succeed in making them lodge a complaint, he will himself send in a formal petition to have an enquiry made; with punishment of the guilty and that he would remain there to assist at the enquiry and try and inspire some courage in these poor fellows."

They lodged a complaint, but 12

days later, on 14 July 1911, Fr. Van den Driessche informed Fr. Waelkens that the case had been shelved: no justice for these poor Christians! The 5 men of Saraitoli who had been beaten were told to come to court on Wednesday 12th, and bring their witness Liro. But the latter could not be found. "On Wednesday, they were, as far as I understand them, advised to withdraw the case as they had no witness, and so they did (details later). This seems to be the end of it, as far as Jashpur is concerned, but I hope you will not allow matters to rest there. It is useless to try Raipur, because they (the five) have been made to swear that they would not come back with their case. And on the whole, I think, it is better for the cause of Jashpur, that things have been "shelved" in that way in the court. There is, I think, no question for our Christians, qua Christians, of getting justice there. I shall write you all what has happened, and you will come to the same conclusion, which I think is yours already. "I have followed the whole thing closely to be sure of all the facts and I have seen from close-by the rascality of the police, which is either allowed or intended by the authorities.

"The remedy must come from the higher authorities, and I hope we shall find means of getting it. I cannot believe that when the English officials know the state of affairs, they will refuse to interfere. If we keep quiet we shall get neither justice nor fair play for our people. As a result of the whole thing our Christians of Kastura seem to have picked up courage, and probably we shall lose only those that were already doglas (bastard Christians)." He ends by saying that all these days, from 4th till 12th July, he was staying at Nagar. "The villainy I have seen there! The first days I felt completely disheartened, enervated; but good God has well arranged everything, and the issue of the case has done me more pleasure than if we had gained it!"..

The promised 'details' arrived in a letter dated Kurdeg 20 July 1911 the Father thanks Fr. Waelkens for having sent to His Grace a copy of his letter of 2nd July (Kastura case). He adds: I am not astonished, now that I have seen how things are proceeding in Jashpurnagar, that Fr. Bressers' people do not dare go to court. I think anybody who reads and understands what I have still to relate would come to the same conclusion, namely, that it is useless for our Christians to hope for justice there. Not only this, but as I have been with them in the fight, I may say that more than once I have felt disgusted and enervated at the rascality of the police. If it had not been that our Lord was taking care of us, (and more than once I could see that He was directing circumstances), and that there was question of the souls of these poor people, I would have run away in disgust.

"However I wanted to follow the whole thing from close by. I had very little hope of obtaining justice, but at least this occasion would put in our hands well ascertained facts and clear proofs of the way in which our Christians were treated. I continue then to give you the facts. Once for all I may say that I relate only things of which I am certain. If I have any doubt about one point or other, I shall say it."
