ST. XAVIER'S SCHOOL, JAWALAKHEL

October 6 - 8, Fr. Amrit Rai, Region Superior came to Jawalakhel Jesuit community for annual visitation. Since school is closed this year, he could not meet school staff. However, he made an effort to meet a few office staff those who were around. He also made a short visit to Loyola Parish, Baniyatar as a part of annual visit. On 21 October, the school organized a "Dashain Bhoj" for the school co-workers and gave each of them some rations as a gift. We made good use of the holiday and had a few refreshing outings. Frs. George, Anil, Sanjay, Juel and Br. Ashish went to Sindhuli and Janakpur. On 24 October, Frs. Ignatius, George, Anil and Sanjay went to Daman and Kulekhani along with our collaborators. It was a revitalizing day out. Fr. Tomson chose to remain home. Fr. Victor is making best use of Dashain vacation for his spiritual journey; he began his annual retreat in Jawalakhel Jesuit community. Our community co-worker, Mr. Dhane Magar and his wife were tested positive of Covid-19. He is at home recuperating.

Sanjay Ekka

Community Outing to Sindhuli

Community Outing to Daman-Kulekhani

St. Xavier's School, Godavari

In the first week of October, the school had an orientation to new students. Online parents-teachers' meetings were held for all classes. In the meetings parents were comfortable to put forward their queries and concerns.

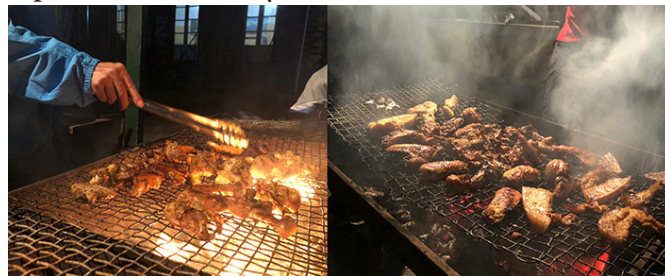

Tridev-the escaped ones

We lost 2 SXG dogs named Bhotey and PK. They were taken away by leopards. Sorry for those Jesuits who raised them up and took care of them. Now, remain with us only three. Let's see how we are going to protect them.

From October 12 to 15 Fr. Amrit graced the community with his annual visitation. SXG community is grateful for his concern and support for the mission.

The Community celebrated the birthday of Fr. Samuel Simick on October 22. This time the style of celebration was unique. Chicken and pork barbeque replaced the birthday cake.

Chicken and pork barbeque replaced the birthday cake. Our community outing was for four days and three nights in three different places (Pokhara, Tansen and Narayanghat). The community really had an amazing time. It was nice seeing other Fathers and Sisters in their missions. SXG appreciates the hospitality of Pokhara Jesuit community, SCCG Sisters' community in Tansen, and CST Fathers' community

in Narayanghat. They made the community outing a memorable one. Thank! you all for your hospitality and generosity.

Community outing to Rani Mahal Palpa (Tansen)

Some of the SXG alumni and people of goodwill showed their concern for the poor. They collected food from generous people and gave to the poor. In the time of pandemic they took risk and reached out door to door with the provisions. Special thanks to Nepal Jesuit Social Institute for their support and helping hand in this venture. We are also grateful to all volunteers who willingly showed their concerns.

Godavari Jesuit community with Daniel in Pokhara

In Vatican Newsletter Covid-19 Crossroads between the old normal and the new solidarity, Pope Francis is certain and is repeating it to everyone, "we will be either better or worse after the pandemic. The global crisis requires that the parameters of human co-existence be rethought through the lens of solidarity."

A BIT OF SOLIDARITY IN GODAVARI AREAS DURING PANDEMIC

GONZAGA HOUSE

Fr. Tek had gone to Kathmandu to defend his MA English Dissertation. He did it successfully and needs to submit his final copy of dissertation after Tihar. He came back on October 18. Meanwhile, Fr. Vijay had gone to Maheshpur for the School Management Committee (SMC) meeting on October 6 and was back on October 7. On October 18, there was a farewell lunch cum outing for the community in Domukha in honour of Sch. Ravindar as he went back to Province for theological studies. He has already completed First term online classes and even exams. Br. Irenius and Fr. Vijay joined the outing but Fr. Peter could not because he was unwell. Later, Peter was diagnosed of Typhoid and was under 5 day medical observation. On October 26, when entire Jhapa Mission was here at Gonzaga House to celebrate the birthday of Frs. Vijay and Nicholas, Peter was taken to Maheshpur for the better care. He

seems to be okay now.

St. Xavier's Sadakbari (SXS) has now drinking water plant installed. Thanks to the Region; long awaited mission is completed. We got a new fiber optical net connection in the school and now hope to remain connected uninterrupted. School is reaching out to 4 of the class 11 students of Parish in their online class venture by providing them internet facility. Three students come in the morning and one in the afternoon. We wish to develop school facility as an evening study centre for all those who are in need, and want to seize this opportunity to grow.

Parish Mass of Saturdays is celebrated as usual. Zone wise Rosary is going on well. People are enjoying

prayers and getting in touch with each other at family level.

Fr. Vijay Celebrates his birthday with his school staff and friends

ST. XAVIER'S COLLEGE, MAITIGHAR

Cap had a minor fall in the beginning of the month confining him to his room for a week. He is now back to his regular activities of the Corona days.

After a few months of waiting, Augustine was able to return to Nepal in the first week of October. He spent a week in quarantine. After his PCR test came out negative he has joined the regular community activities.

Some of our staff and students have tested positive for Covid -19. Most of them have recovered while others are on the path to recovery.

Dashain holidays began on 22 October. James went to Gorkha to preach a retreat for the CJ Sisters. Victor made his retreat in SXJ. Augustine and Jiju had a few cycling trips to destinations outside the ring road. Jomon made use of the days to catch up with his research work. Activities in the college resume on 1st November when we reopen after the Dashain vacation.

Tek was with us for some days to finish his M. A. thesis. After much difficulty he was able to get his thesis defense done. Congratulations to him for successfully defending his thesis. He will now have to work on the feedback received and submit the final thesis after Tihar.

The month of October also whizzed by in pandemic without much notice. The community members took extra care of their bodies during this pandemic month. Beside regular physical exercises, they also took vaccine for influenza as to avoid severe cold and cough that may perhaps attract Covid-19. While others remained in the community, Fr. Amrit, Regional Superior resumed his annual visitation to Jawalakhel and Godavari Jesuit community from October 5 -15. He left for Pokhara on October 16 for canonical visit to Jesuit community there. He preached 8-day retreat to MC Contemplatives Sisters during the visitation. Fr. Amrit attended JCSA conference online from October 26 – 29. Fr. Juel was away for two days from the community. He joined the Jawalakhel community for an outing to Sindhuli and Janakpur. He is grateful to Jawalakhel Jesuits for inviting him for the outing. Frs. Mathew and Juel graced Dashain celebration at Aruna Bhavan attended by the inmates of all the three homes. Fr. Mathew blessed the children, volunteers, co-workers and invalids (Gafney Bhavan) with Tika and jamara.

Juel Kispotta

By Brother Wenceslao Soto, SJ
(Extract)

..... Alonso was a religious who was not a priest. This is currently the case with more than 80% of the persons in consecrated life, including women's congregations. In the Society of Jesus, however, this number of religious who are not priests does not reach 7%, although in countries such as Spain it exceeds 16%.

.....

St. Alphonsus (as his name became in Latin) heroically embodied this figure of the temporal coadjutor. Over the centuries many brothers have given their lives as anonymous servants in the houses, kitchens, laundries, and farms of the Society's works. Still others have been highly skilled architects, painters, botanists, teachers, and administrators. Suffice it to mention the painters Andrea Pozzo and Giuseppe Castiglione, or the botanist Georg Joseph Kamel (who gave his name to the flower called the "camelia").

SHISHU BIKAS KENDRA, POKHARA

There has been a lot of movements of people after the lockdown was lifted. The city witnessed a

Sisters enjoying tea and cake again city life is caught with fanfare oblivious to the social distance. In this festive mood, some cat burglars intruding into others' compound when people are not around in the house. So, we have introduced the lock system at the main gate. The changing climate of Pokhara has caused common cough and cold to people here. People are seen swaddled in the warm clothes due to the sneaky winter.

During the lockdown, Fr. Ayar Kujur reached Pokhara, his new assigned place from Tipling to take up the responsibility as a new parish priest. He underwent home quarantine, observing all the local rules and guidelines strictly. He made best use of the time by reading, writing and in reflection. He kept the school building neat and clean. He explored all the rooms of SBK. Fr. Amit gave him company at lunches and suppers keeping the social distance. Once Fr. Ayar came out of home isolation, a grand and sumptuous meal prepared of "Chyangra" (mountain goat) was served to him. He is fully fit and fine for the mission now. Amit has introduced him to all the Mass centers. He has adapted so well from village

Fr. Ayar saying mass in MC convent

surge of crowd at shops purchasing items for Dashain celebration. Few of our SBK parents and children were seen on streets in their festive

moods. Once

Fr. Amit giving dry ration kit

life to city style. No one believes that he nearly spent five years in Tipling after seeing his physical fitness.

Fr. Amrit Rai SJ, the regional superior of Nepal paid a canonical visit to Pokhara community. His

presence was a real blessing to SBK; for the last seven months during the lockdown he was the first person to step into SBK. We had a wonderful time together.

He gave eight-day of retreat to MC contemplative Sisters. His short visit to all the religious communities at Pokhara is well appreciated; they feel cared. He prayed for our well being and for the mission.

The church has been kept clean. All our Catholic families along with SBK staff got dry food-ration and masks to keep oneself free from corona virus before Dashain celebration. We express our sincere gratitude to SPC Sisters for adding some color into people's lives during Dashain celebration. All our church members are keeping well. Fr. Amit visited them wishing them Happy Dashain and gave them the ration. They are aware of the presence of their new 'shepherd' and all are longing to see and meet him. Amit busied himself in giving talks and retreat to Sisters. It was an experience of euphoria to have the entire Godavari Jesuit community with us over a night on their way to Palpa. "Wish you all Happy Tihar".

ST. IGNATIUS CHURCH BANIYATAR

Ignatius Parish crusvir and youths at drawing competition

As the month of October dedicated to 'Our Lady of Rosary', St. Ignatius Parish, Baniyatar had organized online Rosary for parishioners. The families who joined the online Rosary took turn to conduct it each day. Looking at sharp rise in COVID-19 virus spread in Kathmandu valley, the parish has taken enough precautions to prevent its spread among the people who visit the parish for various needs. Schedule for the Holy Mass is still not fixed due to guidelines imposed on public gatherings. But it is made available to anyone who requests for it any-

time of the day throughout a week. Thus, there are few regular individuals and small groups who have been keeping the parish priest busy other than the regular Masses to Bambino Sisters separately. Last two months, there were sudden decline in request for the ration provided by the church. When it was enquired, the parish priest discovered that the parishioners and the neighbours who had approached him earlier were feeling shy to request him again. They had received it more than three to five times. Therefore, the parish priest came up with

Way of the Cross refurbished around parish property: a work for food

Children absorbed in drawing their holy images

an ingenuity - 'double wage ration for work'. The idea not only helped the needy but also completed unfinished works done in parish premise. Thus, the parish priest through the help of the zone leaders, paid their wages for work in the form of rations doubled of their normal wages. The church, now has a complete 'Way of the Cross' pathway alongside its property. The church has helped around 350 families by providing rations until now.

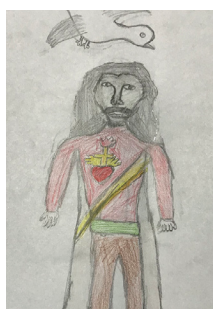

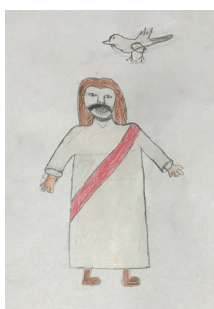

The Assumption Church, Dhobighat has organized an online/offline 'Singing Competition' for anyone in the Vicariate based on the composition of Fr. Richard's songs. After going through rigorous practice and song recording for presentation for more than a month, Miss Sunita K.C. has reached the final, the third stage in the ongoing competition. We are eagerly waiting for the grand finale and wish her all the very best. The Vicariate of Nepal is also conducting a 'Drawing and Painting Competition' for the 'Holy Childhood' between 5-8 and 9-14 years of age groups. The first parish level of competition at Baniyatar was organized on October 15, 2020. The three finalists from each group will now compete online in Deanery level which is the second level of competition.

The parish is also availing internet facility for the online classes for under privileged students of the parish and neighbourhood. Thanks to Fr. George P.M., S.J., Principal, St. Xavier's School, Jawalakhel who made it possible keeping in mind the poor students of the church and neighbourhood.

Fr. Amrit Rai, S.J., Regional Superior made his annual visitation to the parish on October 7, 2020 where he said Holy Mass for few invited leaders of various groups. After the Mass he met all of them and had a small meeting. Thank! you so much Fr. Amrit, it was a great moment of grace for us. We had a chance to interact with you and express our feelings, ideas and concerns.

Until September, the parish had good news or at least all parishioners were keeping safe and healthy. In mid-October one of the families of our parish, Ms. Kumari Gurung, contracted Corona virus. With Ms. Kumari, her entire family except her son were tested positive of COVID-19. The whole family is under home quarantine; but all are doing well. The youngest daughter is 8 years' old. She is a 3rd standard student at St. Xavier's School, Jawalakhel.

GOOD SHEPHERED, TIPLING

Bell of Tipling facing mighty Ganesh Himal

Covid-19: good news and bad news. First the bad news. Our municipality chairman has tested positive. The good news is he is in quarantine in Dhading and recovering well.

More good news. His office kept its promise and put a 'dozer' to work on our road, Xavier Marg. The road re-opened before Dasain allowing people and supplies to get here to Tipling for the holidays. It remains open to all vehicles large and small!

Fr. Anup made it to and from Kathmandu. He gave his 'viva' exam there for his M.B.A. This was before the road opened and he had to take the lower road on foot, making him an honorary

tried and true Tipling 'veteran'.

He is now energetically pursuing NTC for an internet connection for us.

This year the tri-centennial, 3 day municipi-

pal Dashain celebration was held in Lapdung, Tipling. It featured inter-village dance and volleyball competitions and even bull fighting. A good time was had by all. The bulls expected.

You may have read The Silent Bell of Lhasa. It belonged to the Capuchin mission there in the 17th century. Frs. Bingham and Mike discovered it in a store room of a Buddhist monastery while there in Tibet and photographed it. Since the pandemic Tipling has its own silent bell which used to call the villagers here to Mass. The SJ community continues to celebrate Mass daily and weekly, quietly, for small groups in Majet and Lapdung. In the meantime, Catholics living around the mother church in Tipling continue to ask when their own silent bell will ring again.

ST. XAVIER'S SOCIAL SERVICE CENTRE

Fr. Mathew blessing the children, staff with *jamara* & *Tika*

Aruna bhavan girls enjoying dashain *bhoj*

All the inmates of three homes of SXSSC during the Lockdown

During the month of October St. Xavier's Social Service Centre (SXSSC) had different activities which made the residents of the three homes very active and enthusiastic. The girls spent their days by attending online classes. Besides online classes, they plunged themselves into working in kitchen garden: planting vegetables. They also did household chores as usual.

On 1st October, one of valley organizations named Voice of Chefs donated groceries to SXSSC. The members of SXSSC thanks them for their generosity, love and care. On 14th of October, we bought 50 chicks and two piglets for the rearing purpose. On 8th of October, Ankita Mager, an ex-volunteer in Aruna Bhavan celebrated her birthday with Aruna Bhavan family. On this day we had sumptuous lunch together with inmates of Gafney Bhavan.

Vijaya Dashami, a biggest Hindu festival, the festival commemorating victory of good over evil, brought lots of joy on the faces of children here. On 26th October SXSSC families came together at Aruna Bhawan to celebrate Dashain. As a symbol of victory over evil, Fr. Mathew Assarikudy, Chairman of the SXSSC, received tika, jamara(wheat sprout) and blessing from the youngest girl of SXSSC family. In turn he smeared tika on foreheads and placed Jamara on ears of all the children. The children received tika and blessings from other elders too. They wished the children and supporting staff joy, peace, prosperity, success and happiness. After the ceremony, the guests and the girls delighted themselves with the superb dinner prepared by Ms. Silbanti, with helps from Petrus, Patrik and Budhi.

NEPAL JESUIT SOCIAL INSTITUTE [NJSI]

Robang old school building repainted by NJSI

This month was filled with Covid-19 relief actions and completion of a House construction at Gyaltung. Construction of almost 70 houses have been completed in Gyaltung; only three houses are still in the process. Fr.Arul and Ms. Shristi, NJSI staff went to Chautara for final official work.

Robang old school building painting is completed and it looks better than our new building. Covid-19 relief Work: NJSI distributed Food materials to 119 houses in Mandandepur Municipality, Sindhu Pal chowk District. These families are coming from sukumvasi area. During the distribution Ms. Nirmala Shahi, Deputy Mayor and Fr. Arul were present. On

the same day Mr. Kamal, another staff of NJSI Distributed food materials for 51 families at Barabesi, Sindhupalchowk district.

Ms. Rama Devi Thamong, Deputy Mayor requested help for the Eakal Mahila (abandoned widows) in Namobuddha Nager balika. The NJSI sent food materials for 112 families. Fr. Arul and Mr. Kamal went to Municipality office and distributed food materials.

The NJSI team also distributed food materials to 80 families at Godavari Area with collaboration with Godavari School.

Fr. Arulanandam

TERTIANSHIP, SITAGARA

Tertians at St. Stanislaus College, Sitagarha,

We, the 26 Tertians at St. Stanislaus College, Sitagarha, completed one-month spiritual journey. It was a time of great spiritual depth and personal encounter with the Lord. Due to COVID 19, we have failed to go for experiments this year; rather we have busied ourselves in vegetable gardening, rag picking, clearing the sites and neighborhood ministries. I have opted to be a farmer, planting vegetables and to give music course to the aspirants of Congregation of the Mother of Carmel. Both the instructors are busy preaching retreats, as they had already agreed, not knowing that COVID 19 would completely disable our programs. On 24th of October all the Tertians, for the first time in the history,

celebrated mass at Punya Bhumi on the occasion of death anniversary of Fr. A.T. Thomas who was murdered while assisting the dalits live dignified life. Lots of people had come to pay tribute to him. The fear factor of corona has disappeared around the locality. People here move freely without any protection. Perhaps, they became so because they could resist and repel corona effect with their great immunity power. However, we Jesuits can go to town only with special permission. The winter seems to creep in gradually in Sitagarha more than other places due to the lush green vegetation.

Dilip Kumar Toppo

Tertians celebrating mass at Punya Bhumi on the occasion of death anniversary of Fr. A.T. Thomas

GESU, ROME

We started our new academic year 2020 – 21 on 5th of October. The classes are going on both online and at the university. We, the Gregorian students, are divided into two groups on the basis of odd and even numbers. Since the college is not allowed to accommodate all its students, the college has decided to accommodate only 50% of us at the university. Therefore, this week I am attending the lesson online and the next week I will be at the university. During the lesson at the university, the students are asked to wear masks. We follow all the regulations like social distancing and so on. We had gone to Rocca di Papa for the two-day community orientation program. We had lots of fun and interesting inputs through which we came very close to new Scholastics. Likewise, some of us were able to show our talents on the cultural evening. At present we have received 17

first year theologians and three more are yet to come. Apart from the theological studies, some of the first years are also having Italian course at home. We had the input session with our new Prefect of the Studies Fr. Francesco Occhetta SJ. He talked about The Mission of the Studies in four levels. We now have one more new community staff member, Fr. Leo Agung Sardi S. J. from Indonesia, who will be one of the spiritual directors. Regarding our health, with the grace of God, all of us are safe in our community. But the new cases in Italy are increasing day by day. So, in this pandemic situation we would like to assure you of our prayers and at the same time request you all to keep us in your prayers, so that we, together in prayer, may overcome this hard situation.

Sch. Deva

LOYOLA PASTORAL CENTRE, MATIGARA

October was an exceptionally important month for the scholastics at Loyola Pastoral Centre (LPC). We had quite a pleasant weather throughout the month. Even in the midst of pandemic, we enjoyed listening varieties of songs in different languages during the Durga Puja festival. Towards the end of this month, we felt a gentle touch of winter. All the scholastics staying at LPC moved to Rajgang St. Xavier's College on 8th in order to have a better study atmosphere over there. Gradually, scholastics from other common houses joined the community as they finished their exams. Krish Murmu of Nepal joined us on 13th. He had stayed in Kelabari temporarily. Niroj and Xavier joined us on 18th. On 19th Lawrence went through his gall-bladder operation and he was back to the commu-

nity by 28th. We prayed for his successful surgery and still praying for his recovery. All together the scholastics now at Rajganj are nine; Six for Darjeeling and three for Nepal. At present all of us are busy with online classes and heaps of assignments. On the other hand, Fr. Raja as he could not cross Nepal border due to pandemic, moved to HLDRC, Matigara and doing exceptionally good work. He is appointed in helping out different projects, especially on account of Fr. Stan Swamy's arrest. They conducted many passive protests in different places which were quite successful. At present, he is hopefully waiting to cross the border if it opens after the Dashain festival.

Lawrence Kerketta

SACRED HEART CHURCH, SINGAMARI

Winter is slowly catching up in the hills. These days Sacred Heart Parish is having two Masses on weekdays and we are receiving good responses from the faithful. Masses are arranged according to Small Christian Community (SCC) group wise to avoid large gatherings. On Saturdays and Sundays Manu offers three Masses at the parish and in the open school of St. Michael.

Last week Fr. Binoy Lama conducted retreat for SCC animators in Kalimpong. Arrupe Community is going for a community outing to Singala in the coming days.

Manu Mathew

DHYAN ASHRAM, KOLKATA

We have been occupied with various programs in the month of October. The second years are preparing for the presentations on the vows while the first years are feverishly studying the Autobiography of St Ignatius as a preparation for their Long Retreat. In between we had our share of relaxation programs like a novices' get-together on October 11 and a campus picnic on October 27. We shared our fraternal love by cooperating with one another in cooking and sharing our joy of being 'Friends in the Lord'. We also went for a 'pandal hopping' observing the social distancing norms during this year's 'pandemic Pujas'. Fr. Socius took us around and we enjoyed the day observing the creative decoration of the pandals.

We continue to remind ourselves of the challenges of our mission as we pray for Fr. Stan Swamy and talk about his mission. We had a special prayer service for him on October 12 when the entire Dhyan Ashram community of novices, Juniors, scholastics and the Fathers came together for a presentation, candle march and a prayer in the chapel.

As we get ready for our important programs in November, we request your prayers. The first year novices will begin their Long Retreat on November 19 while the second years will go for their hospital and street children experiments. Please keep us all in your prayers.
