BOKARO, ST. XAVIERS

From a pandemic to an endemic, India's vaccine drive enables somehow a way out for academic years to resume. On July 05, we resumed offline classes for classes 9-12. The attendance of the students is not that satisfactory. Therefore, classes are being held offline as well as online mode simultaneously. On 17th-18th July, **Fr. Provincial's** quick visit, along with **Fr. Edward Mudavassery**, was uniting and encouraging moment for us in the community. The community participated in the novena gracefully and prayerfully in preparation for the feast of St. Ignatius, keeping the theme "to see all things new in Christ." On July 25, Jesuits from De Nobili School Bhuli (Dhanbad) visited us, and we had a fellowship meal with them.

St. Ignatius' feast day celebration was being celebrated in a simple manner, but to enhance our joy, a few neighbouring staff and their family members were invited for dinner. On August 05, we, the community members, went to Patki for the community meeting. On 10th-12th August, **Fr. Provincial** came for the annual visitation. Despite his hectic schedule, to know the institution's state, he made sure to meet all the vice principals and other prominent staff members. It was a grace-filled and encouraging time for us.

The Independence Day celebration was held virtually, and the staff members were invited to the school for flag hoisting which was done by Principal **Fr. P. J. James**. On August 16, we bade farewell to the outgoing students of class 12 (2020-2021 batch). **Fr.**

Tintus is gradually resuming his ministry according to the demand of the places. **Frs. Arun** and **Tintus** have recovered from Corona and gained their health back, and they are fit and fine. On a regular basis, both of them can challenge the young **Sch. Deepak** in the badminton court. On August 17, **Fr. Arun** went to St. Xavier's Hazaribag to make his final vow's retreat under **Fr. Bob Slattery**.

Fr Arun

BHURKUNDA

From August 06, offline classes began for 9th and 10th standard students. The happiness and enthusiasm are seen on the faces of the students when school re-opened after four months. For Middle and Primary school students, online classes continue. **Frs. Suman** and **Kishore** are mostly busy in school. **Frs. Barnabas Xalxo** and **Xavier Xalxo** visited a few mass centres and had a unit mass in some places, especially Gami mass for those who had passed away during the pandemic. Healthwise, all of us were fit; except **Fr. Xavier**, who was down for four days with a cold and cough. He was taken for a check-up to CCL Hospital Bhurkunda and got medicines. After medication, he has recovered. **Fr. Kishore** went to Jori village for a burial ceremony of one of his relatives, and he came back the following day. On the occasion of the 75th Independence Day, **Fr. Barnabas** was a chief guest. He hoisted the National Flag in Catholic Ashram School Bhurkunda. Only the teachers were present for a flag hoisting ceremony. **Fr. Kishore Toppo** went to Patratu as a chief guest to hoist the Flag. In the evening **Frs. Barnabas,**

Suman and **Xavier** went to witness the final commitment of **Fr. Vinod Kerketta** in SSC Sitagarha. On 18th, **Fr. Peter Paul Kerketta** came to **Bhurkunda** and stayed for a night. On 20th, **Fr. Barnabas** went to Ranchi for a Co-operative Bank work. On 22nd, five Jesuits from Sadbhavna community Ranchi paid a quick visit to us while they had come to see Patrattu Dam. On the same day, **Fr. Fabianus Sinduria** from Daltonganj came to Bhurkunda and stayed for a night.

For the preparation of Saint Monica Feast Day, about 20 ladies had ten days of Novena Prayer in the church. On 29th, they concluded with mass in three places, parish, Pora and Patrattu, for a limited number of Ladies. **Fr. Francis Marian** had come to Bhurkunda on August 24. Along with **Fr. Barnabas** and two catechists, he went to see a piece of land in Kulwatanr near Khapia village, Dari block before Kura and Lurunga villages. The land is 2. 51 Acres. It has been lying there without use and boundary. It is just beside the road. There is a possibility of opening a feeder school for Catholic Ashram High School Bhurkunda. **Fr. Francis Marian** was very happy after seeing the piece of land. The next plan is to get an Ameen, measure the land, and slowly make a boundary wall. It appears that encroachment has already been done.

CHARHI

The month of August was a good time to look forward with new hope. We, the community members, express special thanks to **Frs. Provincial, Sushil Lakra, Francis M,** and all the scholastics for physical and spiritual support for the sick and their needs. As our senior member **Gregory** was ill, many province men came to see him, and many others enquired about his health through phone calls. On August 01 **Frs. Provincial and Bob Slattery** came to spend time with **Gregory**. On 9th, **He** was taken to Medica, Ranchi, for consultation with a doctor. On 11th, **Fr Gregory** was reached to Mandar

hospital accompanied by **Fr Xavier Tigga** and driver Dashrath where he stayed for a week.

From August 02 to 04th, Mary's meal was distributed to the students. On 6th, **Fr Provincial** with Holy Family sisters from Bishop's House came to see the place in Charhi and Kajri to plan out the possibilities for the future mission. Now village ministry has begun regularly so far. Holy Eucharist is celebrated in villages on special occasions. Class 9th and 10th offline classes are going on well. On August 11, a qualifying entrance test to get admission in NAVODAYA VIDYALAYA was held for all the local government school children (202 students) up to class 6th. Since the exam went on late till the afternoon meal for all the staff was arranged so that no one could go hungry. On August 15, after holy mass national Flag was hoisted with a few staff and 9th & 10th class students. **Scholastic Dilip Kujur** went for recollection with the other scholastics. On 22nd, SSC Sitagarah teaching staff and some senior priests had a day out program in Charhi. Regular holy masses in mass centres, due to Corona threat, is not taking place.

But now **Vinod** has joined the community as our minister. The email id of **Xavier Tigga** is xaviertigga294@gmail.com and not xtigga@gmail.com.

This year our matric result was cent per cent. Out of 29 students, 28 got first division and 1 second division. The number of hostellers, both boys and girls, is increasing. Now the students are preparing to farewell the seniors. After a long time, the School Managing Committee meeting was conducted with the provincial's new representative **Fr. Bob Slattery**. Thanks to **Fr. James**, the former chairperson of SMC Tarwa, for his six years of selfless service to the school. There was

much commotion around here when a group of elephants, with a baby, passed near the university and Holy Cross campus.

FROM DIASPORA

ALC SANJEEVAN NIWAS, VIJAYAWADA

The months of July and August were the most intense and significant of time for the scholastics of Sanjeevan Niwas as they shared the spiritual life of Fr. Stan swami. It

brought us new experiences from his life. On 31 July, the feast of Saint Ignatius of Loyola had a solemn Eucharistic celebration in the morning with the fathers of Sanjeevan community. On that day, we had delicious lunch with all the fathers of ALC community. On behalf of Andhra Loyola College, we scholastics acted a skit on the conversion of Saint Ignatius. The Golden Jubilee celebration took place on 14 August of three Andhra Jesuit fathers on the college campus. The following day father provincial of Andhra province visited all the Andhra scholastics in Sanjeevan community, and all were motivated with his practical reflections.

We have finished our semester exams and eagerly waiting for our laboured fruits to come. We had a significant moment for all of us to be rooted in our academic session.

These Last two months taught us a new idea of learning different skills through online classes. We entered the new academic year with great zeal. From 16 August, we started our online classes, and after one week of online classes, we began our offline classes on 23 August. On the 30th of this month, we celebrated Fr. Superior's birthday, and the celebration brought very colourfully with our beautiful Jharkhandi dance and song. At present, the four of us are engaged with our offline classes. We thank everyone for praying for our good health. We pray for all our province family members too. We, the four of us, request you all to continue to pray for our good health and our studies. May God bless each and every one with good health and mind.

Fr. Dilip Ekka was admitted to the Holy Family Hospital Koderma on 01 August 2021. He had severe chest congestion; as a result, he was coughing continuously. It tired him out, and consequently, his oxygen level dropped down to 82.
