FROM THE PROVINCIAL

MEANING OF ENERGY CONSERVATION

Recently, Christ Hall bought a small electric scooter for the use of the parish priest of Christuraja parish. It has a smart appearance, good pick up and an excellent balance, and comes with an attractive price tag. I was amazed by the energy efficiency of this vehicle. A few hours of charging and it is ready to go eighty kilometers. It appears very sustainable in the long run. This vehicle may reflect the increasing grip of a consumerist culture on us, but it made me reflect on aspects of our inner world. Energy efficiency for greater sustainability is the catch word today. But for what do we conserve our energy? We are likely to get dissipated amidst distractions and disorientation unless we pay an increased attention to a healthy spiritual life. Means of distraction are aplenty in a cyber age. The value of regaining the spirit of concentration, awareness and mental tenor to stay focused has again become crucial. A goldfish in an aquarium has an attention span of eight seconds while a mobile addict has an attention span of only seven seconds! This I picked up from a dialogue in a recent film. It is instructive to listen to a Ted-talk on concentration by Dandapani, a young monk. Try to Google it.

IGNATIAN LEADERSHIP TRAINING OF TRAINERS PROGRAMME

Frs Gracious and **Joe Mathew** and Mr. Cyril, a High school staff of St Joseph's Boys HSS, Kozhikode, took part in a 4 days' Ignatian Leadership Training of Trainers Programme, held in Bangalore. The Programme was organised by JCSA in view of building resource persons to rekindle the Ignatian Leader in each one of us in this Ignatian Year - 500. With the motto "To See All Things New in Christ", the programme trained twenty nine participants from the South zone and West Zone Provinces for conducting similar training programme zonal wise. The programme was a rejuvenating experience that helped me to go deeper into myself and to know and deeply interiorize the Ignatian Principles, ideals and our way of proceeding. All the works were

done in teams during the programme and it helped us to build a team for both South zone and West zone with Jesuits and collaborators. South zone has charted five programmes in five Provinces which is as follows:

Province	Date	Place
Chennai	October 14-17, 2021	Dhyana Ashram, Chennai
Andhra	November 11 - 14, 2021	Satyodayam, Secunderabad
Kerala	February 07-10, 2022	SRC, Calicut
Karnataka	March 07-10, 2022	Prerana (Mount St. Joseph), Bengaluru
Madurai	April 20-23, 2022	SHC, Shembaganur

As per the mind of the South Zone Provincials, 9 persons (5 Jesuits + 4 Collaborators) from each of the Provinces of South zone attend in each programme. We shall send a communication to the selected participants and identify collaborators. Let us hope that this exercise will bring in greater enthusiasm and vigour to all our apostolates in this year of Ignatius 500.

I am currently doing my diaconate ministry at St Michael's church, Manassery in the Diocese of Alleppy. Although most of the activities of the parish remain in abeyance due to the pandemic, my diaconate experience has so far been edifying and enriching. My activities in the parish include assisting at the Holy Mass, breaking of the Word of God, officiating the sacrament of matrimony, baptisms and blessings etc. I am touched by the faith of the people in the parish. I have realized the importance of being closer to God and to His people as a priest.

My diaconate ministry at St. Theresa's Church, Mahe is going on well. It is one of the very famous pilgrim centers in Kerala. It belongs to the Calicut diocese. As I look back on my one month ministry here, I find it very enriching and satisfying. I am really enriched by witnessing the deep faith experiences of the faithful in the parish. The small and long conversations I have with people help me to understand their pain and I feel with them. The Feast of the Shrine starts on 5 October and ends on 22 October amidst the prevailing Covid-19 restrictions.

NEWS FROM SERBIA AND ROME

The voyage to Europe began on the day of the Ignatian feast, when information about "Croatian Jesuits in Serbia" was obtained. Our heartfelt thanks to the communities of St. Xavier's Thumba and SM farm Pariyaram where we had our interim stay. We left India for Serbia on August 12th. We stayed in St Peter's Parish, a Jesuit parish in Belgrade, Serbia. The hospitality provided by the Jesuits, namely **Frs Marijan Steiner, Smiljan Milicevic** and **Josip Opat**, was remarkable.

Serbia is a nation in Southeast Europe (Balkan Peninsula). According to the Serbian Census, there are now 84.6 percent Orthodox Christians, 5% Catholics, 3.1 percent Muslims, 1.1 percent atheists, 1% Protestants, 3.1 percent do not identify themselves confessionally, and about 2% other confessions. Saint Ignatius must have known about Belgrade because his nephew was martyred protecting the Belgrade City. In the eighties of the sixteenth century, **Father Bartol Sfondrati** of Dubrovnik, who joined the Society of Jesus when St Ignatius was still alive, travelled to Serbia. The well-known **Fr Bartol Kai** arrived in Belgrade in the early 17th century. The first grammar school in Belgrade was established in 1613 by a group of Jesuits. In 1718, the superior of the community received the picture of Mary Help of Passau in Bavaria, subsequently known as the Virgin of Belgrade. She is still held in high regard, particularly on the 19th of every month and on her birthday, October 19th.

On 27 August morning, we left for Rome, where we were received by **Fr Keith Abranches**, the Rector of Gesu, and **Fr Gonzalo Silva Merino**, the Minister. We're now busy learning Italian.
