

Delhi Jesuits

May 2020 Vol. XXXII No.5

### GENERAL APPOINTS

**Fr. Ajit Kumar Xess**, Provincial of Ranchi Province

**Fr. Sebastian Jeerakassery**, Assistant General Treasurer, Rome

**Fr. Stanislaus D'Souza (KAR)**, POSA

### POSA APPOINTS

**Fr. Anthony Andrade**, Spiritual Guide, DNC Philosophers, wef June 2020.

### PROVINCIAL APPOINTS

**Fr. Augustine Perumalil**, Superior, St. Xavier's Community, Jaipur wef May 1, 2020.

**Fr. S. Arockia Swamy**, Superior, Jesuit Community, Nevta wef May 1, 2020.

**Fr. Soosai Mani**, Superior, Sahayog Community, Delhi wef June 1, 2020.

**Fr. Joy Pulikunnel**, Acting Superior, Shanti Sadan, Allahabad wef May 15, 2020.

**Fr. John Chathanatt**, SX Raj Niwas Marg, Intellectual Apostolate & Peace Mission.

### PROVINCIAL'S MAY PROGRAM

30-31 Province Consult

### PROVINCIAL'S JUNE PROGRAM

01-10 Province Curia Retreat

19-22 First Vows, Lucknow

16-26 Meeting, Jesuits & Collaborators, NRC

28-29 Province Consult

### FROM THE DIASPORA

*Tony:* Ever since lockdown was imposed here on March 24th night, the life style of the island has totally changed. The busy island with lot of activities and movement of tourists and locals came to a standstill. Since the police here are strict and patrolling all the time and checking the movement of people, all of us are forced to stay indoors and go out only to get the essentials. The air is pure. The sea is calm. The dolphins are swimming at the sea coast. The birds are chirping all around freely. An excellent time to slow down and listen to God in nature. Luckily Andaman didn't have many cases of Covid-19. We have a few stray cases coming up now of those people who had gone to the mainland before the lockdown and returned. Twenty of them have been quarantined. I used this time to make Online Retreat proposed by JCSA. It was an excellent opportunity for all of us to connect with our Lifeline since we were locked down at home. For me, it was a time of reviving my intimacy with the Risen Jesus. Now I too can say with Mary Magdalene 'I have seen (experienced) the Lord'. Thanks to the organizers of the Online retreat. I have a lot of time for reading, reflecting, writing, praying and relaxing in the nature. I go to the nearby A.C. Convent daily to say Mass for which they are very grateful. Since it is summer here and there is no sign of rain, we have severe water crisis.

*Paul Mickey:* Loyola College of Education, Namchi was closed on March 17 even before the prime minister announced the

nationwide lockdown. Non-Sikkim students were encouraged to stay in the hostel itself. There are thirty-four students in the college campus. Study materials are disseminated to them through email by the faculty. We have special adoration every day from 6 pm to 7 pm. We have games every day inside the campus; that keeps us energized and cheerful. Since we were inside the campus, we were privileged to have Easter Vigil Mass and Easter celebration. So far there is no case of COVID-19 in Sikkim.

### SAHAYOG

**Sahayog:** In spite of the lockdown, the community did not forget to celebrate the birthday of **Fr. John Chathanatt** on April 1 but without any guests from outside the community. We had the Holy Week celebrations in a very subdued manner mindful of the general atmosphere of suffering. However, Minister **Fr. Arun Panackal** kept feeding the community with delicious and sumptuous food. The Community Visitation by the Provincial was held on April 20-23. In the concluding community meeting Provincial **Fr. Jeera** appreciated the general positive vibrations that are prevalent in the community life and activities. He thanked Superior Fr. John Chathanatt for his meticulous care of everyone especially our sick members. On April 1 **Fr. Alex Chinnappa** experienced breathlessness and so was hospitalized at Jivodaya from where he was taken to Fortis for regular dialysis. After a few days he was brought back to the community. But on 27th he again experienced severe breathlessness and so was admitted in Fortis. He continues to get good care there. On 27th **Fr. P.T. Augustine** was admitted in Jivodaya Hospital as he experienced severe sleeplessness. **Fr. Ed Daly** is continuing to enjoy the tender loving care of the Sisters and other medical staff of Jivodaya Hospital. While Delhi is under lockdown, some community members have decided to unlock whatever has been locked up in their bodies through expert massage by Mr. Bijoy. His sensitive hands very effectively unleash the frozen energies in one's body. Fr. Jijimon Maliakal and **Fr. Mathew Padayatty** are the latest beneficiaries of this procedure. Earlier Fr. John Chathanatt and **Fr. T.K. John** got

rejuvenated by Bijoy's massage. They all exhibit freed energy of younger men.

*K.P. George*

### ST. XAVIER'S, BEHROR

**School:** Our school gate remains closed as a result of the extension of the national lockdown due to COVID-19. The online classes for the new academic session began at the beginning of the month. Both the teachers and students are introduced to the new way of teaching-learning through online classes. Positive responses are received from the students as well as parents. With the relaxation in lockdown, our Class IV employees come to the school for a few hours for keeping the campus neat and clean. Since the admission process is going on, the school office and accounts office function with a few office staff. Keeping in mind one of our UAPS and the need of the hour, our community has come up with an initiative and decided to grant free education to 25 children of the migrant families living in close proximity to our school campus. Up to now, 15 children are admitted under this category. Apart from the financial help to these children, constant accompaniment of their academic growth with the help of regular remedial classes is planned.

**Community:** The community members keep good health and are indoors. We get to see new dishes on our dining table. Experimentation of new recipes by the community members are well appreciated and welcomed. We had the Holy Week Services and Easter celebration in the community chapel.

**Parish:** Parish Priest **Fr. Sebastian A.** took initiative in creating a WhatsApp Group for all the parishioners; it has been appreciated by the parishioners. On all the Sundays, especially during the Holy Week, readings and reflections were shared among this group. The parish members are encouraged to pray with the online Masses. The time of our community Mass on Sundays also is shared with the group so that all can join in praying together.

*Anish Raj*

## ST. XAVIER'S, BHIWADI

**School:** The spread of Covid-19 has deserted the school campus, despite the security guards presence and occasional visits of some candidates. The online classes for the classes 9, to 12 kickstarted as was directed by the CBSE. **Fr. Sebastian** resumed his evening walks, the one and only regular visitor to the school campus. **Fr. Sangeeth** has asked some of the maintenance staff to come and work for an hour every day in order to keep the campus spick and span.

**Community:** All the Fathers remain confined within the four walls of their rooms, following the directions of the govt. **Fr. Glenn** keeps himself and the cook busy experimenting with new cooking skills; this helps the cook to get rid of boredom. We had management meeting and faith sharing on the theme of how we live our lives as Jesus did. Daily adoration in the community is continuing and we remember and pray for Covid-19 affected people. **Sch. Prakash** is rendering his services to the candidates by teaching them Hindi.

**Parish:** The parish remains inactive due to the lockdown. On 27th Parish Priest Fr. Sebastian attended a funeral of one of the parishioners.

**Maria Sadan:** While the whole world is at rest, our house remains as busy as ever. The newly arrived candidates are taught various things by **Fr. Amal**, **Sch. Pawan** and **Sch. Prakash**. We celebrated Easter in the best way possible with the help of our regent and the new candidates. Two of our senior candidates got stuck since their exams have not yet been held. Candidates are attending the online classes initiated by the CBSE. Pawan takes all the risk by going to the market to get the necessary provisions for the community. Our cook Mrs. Manjula regularly comes to cook meals for us. We remain indoors, busy most of the time with academic activities and praying for the people affected by Covid-19 pandemic.

*Candidate Punit*

## ST. XAVIER'S, JAIPUR

**College:** The College remained closed throughout April. As the lockdown continues in Jaipur, the staff stayed and

worked from home. The IQAC Cell asked the staff to prepare guidelines for Cells/Clubs and Committees which in turn will be part of the College Manual. They were also asked to prepare the action plan for the session 2020-21. The Heads of all Depts were asked to prepare the timetable and make dept level plans for the coming session. The new Prospectus is in the final stages of preparation and will be uploaded in the college website very soon. The online admission form is also getting ready to be uploaded. As per the latest update by the UGC, the summer vacation has been declared till 31st May.

*Jose V.K.*

**School:** New academic session 2020-21 got kickstarted virtually in the first week of April. Teaching-learning schedules were arranged systematically for online teaching, and amidst the initial hiccups everyone got on board. Thus teaching-learning happens within the four walls of home rather than in the school. The sports lovers experience heart break as the swimming pool and other physical training facilities are currently under lockdown. In order to preserve the lush green flora of the campus amidst soaring temperatures Principal **Fr. Dominic Arockiam** with a handful of support staff (who stay in the campus to ward off corona infection) water the plants, mow the lawns, trim the hedges, unclog the sewage lines and keep up sanitation of the pools, all with necessary PPE and social distancing. Other members of the community too chip in to maintain the campus and staff quarters clean. All eyes and ears are focused on to what would happen post May 3. It's heartening to see that many parents, teachers, alumni association and Scouts and Guides are engaging themselves in bringing succour to the hapless, jobless and disinherited ones through their commendable philanthropic activities.

*Sobin*

**Parish:** Lockdown due to COVID-19 indeed was a God given opportunity for all to appreciate the beauty and meaning of family life. Though the Parish Church remained closed for the public, the Jesuit Community gathered around the altar daily

to celebrate the Eucharist and experience our oneness in the Eucharistic Lord and our solidarity with the suffering humanity especially with every member of our parish. During the Holy Week, the services were live streamed through the mobile app of the parish. The Sunday masses too are live streamed for the spiritual nourishment of the parishioners. A chain of adoration of 12 hrs was introduced by the Bishop Oswald throughout the diocese to seek mercy from God and to solicit relief in view of the pandemic wherein families, religious houses and parishes could organise adoration. April 3 was the turn of St. Xavier's. As days passed by, news began to reach the ear of Parish Priest **Fr. Varkey** that a few families were in real trouble as they did not have anything to eat and were not getting help from any source. After a short discussion with a few of the Parish Council members it was decided to extend some immediate help to these families. Initially 13 BPL families were helped with small amounts for their immediate need. Rs. 32,500/- was spent from the parish account. Moreover at our request Mr. Pankaj Jain, our alumnus, supplied dry food packets for 30 families. In the meantime, Bishop Oswald, made arrangement to get dry food packets ready through the generosity of MC Sisters. Fr. Murtal, Secreatry to the Bishop and Mr. A.V. Antony, Vice President of our Parish Council made sure that these packets were reached to different parishes of the city so that they could be distributed to deserving families. Our parish also got thirty packets. Another ten packets were supplied by Ms Neelam Chopra and her family. In the first round around 45 of our Catholic families and six non-Christian families of the parish area were served with dry food kits. In the meantime, the parish unit of St. Vincent de Paul Society distributed dry food kits to thirty families. A few more of the families of the parish have come forward with dry food kits so that one more round of distribution could be undertaken to these families. We made a contribution of Rs. one lakh to the Diocesan Fund which the Bishop of Jaipur would contribute to the Relief Fund of the CM. On the Divine Mercy Sunday along with the faithful stationed at home and many across the world some of us

participated in the Divine Mercy Chaplet at 3 pm. During the lockdown period our Fathers were generous enough in providing spiritual succour to the religious houses around by way of the Eucharist on Sundays.

*Varkey*

### **ST. XAVIER'S, MAHWA**

Our community is enjoying good health. One of the members joined the online retreat organized by the JCSA. Seemingly he enjoyed doing that retreat. We had the Holy Week Services and Easter Celebrations in a very simple and serene way. A few resident teachers, who could not make it to their hometowns before the lockdown, joined us for the celebrations. This lockdown has come as a blessing in disguise. All the teachers are forced to learn something new. They have been given a chance to put into practice what they learned during their BEd studies, namely, learning the use of modern technology. Well, they have been preparing PowerPoint programs and loading them on to the social media, YouTube and WhatsApp and are tutoring their students. Of course, it is pretty tough. However, with the constant guidance and accompaniment of Principal **Fr. Jugal Kindo**, they are doing a grand job.

*Arvind*

### **ST. XAVIER'S, RAJ NIWAS MARG**

COVID-19 has been a bolt from the blue for all of us. For the first time, ever since the end of World War II, the humans got house-arrested and now the other species of Nature are taking a free walk on the earth, without the fear of invasion from the former. But we humans are known for the 'never say die' spirit. Thanks to the online media, we have found a way to reach out to everyone, even during these trying days.

Who said the schools are closed due to the lockdown? Schools are not closed. Only the school buildings are closed. The teachers and the other staff members are working harder than ever to continue with their mission of education with limitless classrooms, venturing into new areas of teaching methodologies powered by cutting edge technologies. On March 19 we

at Xavier's suddenly realized that we are equally talented to go online and teach our students even during this lockdown. It is unimaginable how well versed, even the senior most teachers, have become tech savvy in conducting classes online. It is not just conducting online chat with students alone, but they have become experts in making videos, sharing screen with students, conducting live classrooms etc. (It seems that in the post COVID era these great teachers will give a good run for clients to the already famous professional digital teaching platforms!!) On 20th we decided to prepare online learning materials and by 31st we were ready with two weeks of teaching materials for the students. Class Teachers were provided with the name and phone numbers of all promoted students and they didn't take much time to form respective class groups in Telegram App (for the Prep and the Junior School students) and WhatsApp group for the Senior School students. Quick information was sent to the parents about starting our online classes and we uploaded all the materials already prepared on our e-care panel. On April 3 we started our online classes for Class 12 on the Google Classroom. Teachers uploaded audios/videos in the Google Classroom and had chat session with the students to clear doubts. By the second week of April we prepared a special timetable for all classes of the senior school and began our regular classes from 8:00 am to 12:00 noon on Google Classroom as well as Zoom App. The Junior and the Prep Dept too began their classes in full swing from April 15. Junior school students are using Team Link App as well as Google Meet for interactive classes and they have kept their online teaching session from 12:00 noon to 1:45 pm from Monday to Saturday. The admission list of Class 11 was published on April 17 and their regular classes too started from 22nd. It is not true to say that the online classes are going on very smoothly without any hiccups. We face problems related to network and app hacking or some students are not able to make use of this opportunity as they have no mobile phone/computer at home/or no network; but considering the progress we

have made in this online teaching, these are just minor issues!!

As usual of Xaverian philanthropy, one week after the lockdown our LTS Club, under the able leadership of Mrs. Daisy Joseph, managed to collect about Rs 55000/- from students, teachers and other well-wishers and donated the same for arranging food to poor homeless people in Delhi. Also our staff members have given consent to deduct one-day's salary to be donated to Delhi Jesuit Society's social service efforts during this difficult time of pandemic.

*Tom*

### ST. XAVIER'S, SHAHBAD

**School:** Despite national lockdown and closure of all educational institutions, the school has managed to keep the teaching-learning process going through online classes; all our teachers have contributed tremendously. This keeps the students active and alert even during this global and national crisis. This is being done through various recapitulative and cognitive activities in the form of worksheets and assignments. Introduction to topics of their new session has also been done through various online teaching platforms and video lectures. Live sessions for holistic wellbeing of school-going children, an initiative by the CBSE, to keep the students fit and healthy during the course of their online teaching has been encouraged highly by the school. These live sessions are available in the form of video capsules and include simple actionable tips around basic exercises, nutrition, yoga and meditation. The Stream List of the students of Class XI has been uploaded on the school website. An Online Teacher's Training has been organized for the entire staff through the Chalklit App. The training supported by SCERT focuses on Elimination of Corporal Punishment. The purpose of the training is to help introduce the element of positive discipline in the corridors of school where every child would feel safe, secure and loved.

*Shaju*

**Parish:** Parish was active during the lockdown too. Though there were no

common gatherings we were united with one another through our prayers and concern for one another. We communicate with each other through WhatsApp messages and telephonic conversations. The Parish Priest **Fr. Scaria** calls up people who are living alone, economically poor, aged and sick and enquires about their situation. Our youth are active in spreading the good news through their singing and messages by using YouTube. Holy Week services were well conducted. Provincial Fr. Jeera was the main celebrant on Maundy Thursday. One of the parishioners Mr. Robin Kumar, originally from Barbiga parish in Bihar, runs a community kitchen and feeds about 1200 persons two times every day from the start of the lock down. He is a member of the Parish Council and of Catholic Association. Through his help the parish priest managed to get rations for 8 catholic families who had no ration card. Another 10 families were helped by our Vincent de Paul Society. We are all eagerly waiting for the lockdown to be over to meet each other and share our joys and sorrows.

*Scaria*

**LVI:** Our campus was totally quiet during April. But with the generous donation received from the school, we distributed ration (about 8 items each) for 200 very needy families in Sector 26 & 27, Shahbad Deri, through the generous services of our LOKMANCH volunteers (thanks for the timely help of Fr. Arunmozhi and Denis Benjamin). Two months ago the juggies of ragpickers, staying in front our school across the road, were burnt down; forty of those families were also our beneficiaries. It is a very sad sight; so many more hungry families to be fed! In Sector-27 our tailoring girls made hundreds of face masks and we allowed our senior girls to take LVI sewing machines home and make the masks, under the direction of an NGO.

*George Peter*

**Community:** Though there is lock down Minister **Br. Gyan** makes sure that the supply should never run short. He somehow or other gets out to get the necessary items. Our cook Gopal stays with us and prepares tasty food. Therefore

we all keep good health. Since only a few workers turn up for work and that too for one or two hours, we have to manage many things by ourselves. Because we are healthy we get involved in various activities like cleaning the house, gardening, grass cutting, watering the garden, digging, gathering tomatoes etc. From April 6 to 9 Fr. Provincial was with us for the house visitation. Most of us participated in the Lifeline online retreat. On 14th our new community member **Fr. Anil Kispotta** joined us. We benefit from Anil's skills in hair cutting, music and gardening. **Fr. Britto** is seen in the garden along with Anil and Gyan with spades and *kurpies* in the evenings. Scaria is seen cleaning the ground floor and corridors of the house and watering the kitchen garden. It is a sight to see **Fr. Joy John** with a long broom occasionally sweeping the road or cleaning the first floor corridors and **Fr. George Peter** with a pipe watering the garden. **Fr. Remy** misses all this fun as he is still in Bettia, enjoying the hospitality of K.R. community. All of us learned to wash our cloths and clean our rooms!

*Scaria*

## ALMORA

Lockdown! We remain bound. To purchase grocery and other necessary items relaxation is given from 7 am to 1 pm. We have been offering Mass and keeping people in our prayers. We had the Holy Week celebrations in a very silent mode. We observed triduum before Easter. In order to pass time, we play badminton from 8:45 am to 11 am, of course, following social distancing! **Fr. Joshy** immerses himself in books. **Fr. Pradeep** is busy in cleaning the places; **Sch. Manish** and **Sch. Cyril** help out. Evening, we spend time in gardening. We have planted some brinjal and chillies besides olive and maple seeds. Hope to see them grow into big plants soon. We also experiment and cook different dishes. On April 14 morning we received a call from our animator Hema that someone had set a fire in our Gaijol campus. By the time Fire Brigade reached the spot fire had already consumed one area. Again on 16th we got the same message that there was fire on the other side of the property. Again by the time the

fire department reached the spot the area had gone up in flames. In spite of the lockdown, we celebrated Sch. Cyril's birthday on 19th. We applied for permission to the DM to distribute face masks in our areas but we didn't receive any word from him. Rations and other commodities are promptly supplied to most of the villagers by govt authorities and some generous people on time.

*Rakesh*

### **KHARAR/MORINDA/GSSSC ROPAR**

Lockdown has brought all work to a standstill. The classes at Kharar centre have been suspended. The caretaker boy stays there; he tills the soil and tries out cultivating different vegetables in our land. We visit him once a month to keep up his spirits and motivate him to do the work he is entrusted with. Though we have been rendered immobile, we could manage distribution of food rations for about 60 poor households in six different hamlets of Morinda and Ropar sub-divisions. Sankalp Society's volunteers, animators, well-wishers and a catechist in the Morinda area collectively achieved this feat. The SHGs and their meetings are suspended. However, our animators keep in touch with the members over telephone and provide timely guidance and assistance.

It looks like no gatherings are possible in the rural or suburban areas for the coming three to four months. Hence, we are looking into possibilities of carrying out our involvement with the rural folks and their empowerment. According to some news channels and print media reports, about thirty thousand individuals have got themselves registered or admitted for de-addiction program in the state of Punjab since March 22, 2020. All these are based on self-consent. Around 58 drug peddlers are arrested in Chandigarh alone during this period. The supply chain of drugs stands broken as of now. What the civil administration, police and NGOs could not achieve previously, a tiny mite novel corona virus has achieved. The de-addiction centre run by Red Cross Society near our centre, has only five inmates presently. Others have been sent back home after completion of due treatment.

**Fr. Viren** and **Fr. Robin** keep sustaining themselves in Morinda centre. Provisions are home delivered since we got required contacts of vendors in the area. Robin made the online retreat by JCSA from April 5 to 12. Another novel experience was the community meeting conducted via video conference. Two of us in Morinda could see, hear and interact well with our fellow community members in Ropar and vice versa, through the virtual medium.

*Robin*

### **SHANTI SADAN, ALLAHABAD**

The month of April was packed with various activities: the first week was dedicated to preparation for the upcoming assistancy level English exam. We finished our exam on Monday of Holy Week with help from two OLP sisters. After the exam, preparation for various liturgical activities started in full swing. Two OLP sisters helped us in choir. **Fr. Robert Athickal** offered Mass on Maundy Thursday. Good Friday services were conducted by **Fr. Abraham** and Vigil Mass by **Fr. Soosai Mani**. The congregation on all these days consisted of priests of the community, pre-novices, retreatant sisters, priests from St. Paul's and our helpers – a total of 40. After the Vigil Mass we had Easter gathering, sharing greetings and snacks. Sisters got a special pass to travel to their headquarters in Banaras and left on Easter Monday morning in two cars. Fr. Abraham was down with allergy for some days. We started classes again on Easter Tuesday. We celebrated the Earth Day; Fr. Robert led the community prayer in front of the church. On April 23 we celebrated our Director **Fr. Jose's** birthday; our brothers put up a cultural program; it was well appreciated by all. Our home visit which was to start on 27th is postponed to a later date till train services begin. Meanwhile we continue with regular classes and all other activities. Bull's heart from our own garden is our main fruit these days.

*Chacko*

### **LOYOLA SADAN, LUCKNOW**

In the first week of April, we were busy with singing practice and other preparations for the Holy Week. We had Triduum

conducted by **Fr. Christopher** and all the novices were spiritually rejuvenated by the joy of the Risen Christ. We solemnly celebrated the Holy Week in our house itself and our neighbouring community of OLP sisters too joined us. On the next day, we had an evaluation of our Holy Week celebrations. Nowadays, the second year novices are busy with personal reflection and sharing with Fr. Christopher as preparation for their first vows. In spite of corona, we all are keeping well and waiting to see our Masterji **Fr. Vimal Kishore** who is currently in Patna. We thank God for providing us with fresh vegetables from our garden. Fr. Christopher with the help of Socius **Fr. George** systematically cultivate our land and provide us with enough vegetables for our daily needs in this lockdown season. Nowadays Fr. George is busy with planting of *kappa*, making the fish pond and preparing manure for better farming. All our fathers and brothers are keeping well and are helping us to grow spiritually, mentally and physically. So we all are happy and in high spirits.

*Ajay*

### **XAVIER NILAYA, BENGALURU**

For us in XN the month of April was a noiseless but a prayerful one. The words of PM Modi '*do gaj ki doori*' is followed by our candidates to the letter. During the Holy Week we had the services as scheduled. Of course, the congregation was comprised of the candidates and the staff alone. We pray the Rosary in the afternoon and have adoration of the Blessed Sacrament in the evening hours, conducted by the candidates very creatively each day. Amidst the lockdown we are privileged to be part of two NGOs for relief work, centred at St. Joseph's College. One of them is mainly funded by XLRI alumni. We also got a chance to extend our helping hand to Jesuits at Jesuit Niwas for the same purpose, which in fact is an initiative of Jesuits in collaboration with the alumni of St. Joseph's Boys High School, Bangalore. For about two weeks we helped out in this noble cause and we hope to continue with it for a few more days. In our absence Fr. Mani stays back home to take care of the community. Thank

you, Father. As a token of encouragement, the DGP of Bengaluru personally paid a visit to the site at St. Joseph's Arts and Science College. On another occasion the CM of Karnataka penned a few lines of appreciation to Jesuits and Catholic Institutions in Bengaluru without failing to mention their names. Even in this time of fear the love and concern of our aunties and uncles around has not reduced. Thank you so much.

*Ashwin*

### **ANNOUNCEMENT**

**Sch. Satyasiva Nayak** left the Society on March 20, 2020.

### **HAPPY BIRTHDAY**

<b>May</b>	<b>June</b>
05 Mani, Soosai	01 Thaiparambil, Jose
09 Jose Kuriakose	05 Francis, Devadoss
11 Arackal, Joy John	06 A, Sebastian
11 John Ravi	08 Lukose, Maneesh
12 Pallipadan, Ittoop	11 Raj, Sangeeth
19 Panackal, Arun	29 Daly, Edwin
21 Kumar, Sasi K.	
22 N.S. Jinesh	

### **Gone for their Eternal Reward**

**Fr. Valentine de Souza** (GUJ, 92/ 74) on April 6.

**Fr. Jose Javier Aizpun** (Guj, 90/72) on April 10.

**Fr. Michael Hawkins** (DAR, 83/63) on April 30.

**Fr. Jerome D'Souza** (BOM, 70/45) on May 1.

***Reports and photos for the next DM are due on or before June 30, 2020.***
